*'Freedom Goes Where the Newspaper Goes'*

A Free Press Must Be Preserved  
If Democracy Shall Survive In  
Our United States

Headlines You'll Never Read in a Free Press

# Merchants Barred From Advertising

Suppose you read that headline in this newspaper today. Would you shrug your shoulders, remark "it's tough on the paper" and go about your business?

More than likely you wouldn't. Such a headline would be the fore-runner of some unwelcome changes in your way of life.

It would mean that freedom of the press had vanished, that other freedoms were on the way out, too, because this newspaper could no longer keep you alert to still more assaults upon your liberties.

Under a dictatorship there would be no advertising as you have come to know and to accept advertising today. Gone would be your RIGHT to read what you please and your freedom of CHOICE in the things you buy.

Gone, too, would be many economies you've taken for granted because advertising has speeded distribution and lowered price. Your standard of living would suffer. Jobs would be in jeopardy as demand for goods slackened.

This week, Newspaper Week, is a good time for some serious thinking.

This newspaper and its readers, its advertisers and their customers, are in a sort of partnership; a partnership to keep your newspaper free.

For if the press is free you won't have to worry very much about your other freedoms.

Headlines You'll Never Read in a Free Press

# State Confiscates Church Property

That's a headline that wouldn't make pleasant reading in this country, any more than it has in some other nations. The right to attend church, to worship as we see fit, is a right of first importance.

Suppose, next Sunday, instead of going to church you were required to hear the voice of a dictator telling you that all your old ideas of right and wrong were based on fairy tales.

Suppose your favorite clergyman was held in a concentration camp because his views differed from those of the dictator.

You adults, brought up with the fear of God in your hearts, might see your children learning allegiance to a new god, a false god.

Freedom of worship would be gone. But before that, another freedom would have vanished—the freedom of the press.

It isn't a pretty picture. But it has happened.

To say that all freedoms are closely related to or dependent upon the freedom of the press is not offered in a boastful spirit.

This newspaper sees this fact as a solemn responsibility, conscious that it must always be first on the firing line against any assault upon the American way of life.

This week, Newspaper Week, we remind you readers that you're in a partnership with us to protect ALL freedom.

Headlines You'll Never Read in a Free Press

# Libraries Ordered To Burn All Books

Suppose you were commanded to buy and read certain books and were warned that it would be treasonable to read any others.

You wouldn't like it, of course.

"Going to the library" is a well-established American custom. Freedom to choose the kind of books you WANT to read is a strongly entrenched habit.

You have your favorite authors. Reading their books has been an important part of your life. Books have broadened your thinking, added to your knowledge. And they've brought you pure pleasure and entertainment.

At the book stores you select from thousands of copies. Suppose, instead, your choice was limited to a few volumes authored by a dictator. You'd lose much of the joy of life.

A freedom would be gone. Another freedom would have gone earlier—the freedom of the press, under which no dictator could operate with success.

This is Newspaper Week, a good week to reflect upon YOUR responsibility, your PARTNERSHIP with this newspaper in the never-ending defenses of ALL freedoms.

Because so long as the press is free, so long will you enjoy your other freedoms.

Headlines You'll Never Read in a Free Press

# Service Clubs Ruled Illegal

Service clubs, social clubs . . . clubs of various kinds are definitely a part of your way of life. Their members have made splendid contributions to community welfare, to national progress and to their own individual development.

It would never occur to us that the state might consider them inimical to its welfare. But then we aren't living under a dictator.

A dictator would consider our clubs a threat because they have "old-fashioned" ideas about honesty, integrity and chivalry. Look at Russia, with no social clubs.

Dictators don't encourage personal progress, all efforts being subordinate to the good of the state.

On that basis service clubs might have to go and we would lose another freedom. But before that, another freedom would have gone—the freedom of the press.

When the press is stifled, other rights vanish one by one.

This week, Newspaper Week, give a thought to your relationship to this newspaper.

You're in a partnership with us; a partnership to maintain the American way of life by preserving a free press and thus defending all other freedoms as well.

Headlines You'll Never Read in a Free Press

# Children Ordered To Spy On Parents

Not a pleasant headline, is it? Certainly YOU wouldn't want to be betrayed by your own children. But it has happened under a dictator.

Vital to the American way of life, essential to the strength of this nation, is the American family. To keep out suspicion and distrust, to encourage respect for the rights of other members . . . in this way the family unit is made strong. And so it contributes its spirit of unity to the nation.

Suppose you lived under a dictator. Suppose YOUR children were so completely under his domination that their duty to him seemed in their minds, far more important than the loyalty and respect due you as a parent.

If that time comes, a freedom will have gone. And another freedom will have gone before it—the freedom of the press.

And that's why this week, Newspaper Week, is a good time to analyze your relationship to this newspaper. You and your newspaper are in a partnership. You are in a partnership with this newspaper to preserve the freedom of the press.

Not merely because you've acquired the pleasant and incurable habit of wanting to read your newspaper regularly, but because by keeping this newspaper free you safeguard other freedoms, too.

Headlines You'll Never Read in a Free Press

# Election Rallies Banned By State

Whether the candidate is a pound master or a national president you want the right to "button-hole" your friends in his behalf.

You want the right to attend election rallies, to hear any and all candidates, to applaud them or heckle them, to read their statements and political advertisements in your newspaper.

But suppose, under a dictator, the political field was limited to the dictator's choice. Suppose the dictator's armed stooges stood guard at your polling place.

Just to make sure you put the "X" in the right spot.

Well, it wouldn't do you any good to talk about rights. You couldn't "write a letter to the editor" because it wouldn't be printed in a dictator-dominated press.

No, another freedom would be gone because another freedom had gone before—the freedom of the press. When that freedom goes, the others aren't far behind.

Newspaper Week ends October 8, but that doesn't mean that YOUR responsibility ends.

Nor does it mean that your newspaper will be less alert to any assault upon your liberties.

Your responsibility makes you a partner of this newspaper in the defense of ALL freedoms.

# THINK

## Supposing There Wasn't Any Newspaper In Canyon

### TO THE SCHOOLS—

Who would publish the volumes of school items which are important to us, but would be drab and uninteresting to others outside the community.

Who would advance and discuss school problems only of interest to the people of the Canyon community?

### TO THE CHURCHES—

Who would publish the weekly church notices and numberless church articles only of local interest?

### TO CLUBS AND SOCIETIES—

Who would publish accounts of these meetings which are so necessary to maintain interest and good will?

### TO THE ADVERTISERS—

Who would advertise the products you have to sell and the services you have to promote? Others have tried to get away without advertising and eventually found the sheriff waiting at the door. Yes, you could use other methods of advertising; but you will find none so effective, because there's no other advertising medium which your potential customers receive because they want it and pay for it.

### TO THE TAXPAYERS—

Where else can you keep in touch with expenditures of your money, being made by the county, town and school districts? Of course, the law provides for posting of notices giving certain of these facts in towns where no newspaper is published; but how many of you would find time to go to a bulletin board to read them?

### TO THE READERS—

It is to you the paper means most of all. Where else could you get the full picture of your community life—our joys, our sorrows, our activities, our progress, our pleasures, our social and religious life?

There is nothing to take the place of  
you Home Town Newspaper

In Canyon and Randall County It Is—

# The Canyon News

# The News Has Modern Equipment Far In Access of Today's Needs

The News is noted for the splendid building that is owned, and the superior equipment which is possessed by the newspaper and printing departments. All of the equipment is modern, and is kept in first class repair, ready for service to the patrons. New machinery and printing type are added annually to keep the plant at the highest point of efficiency.

The plant is composed of two Linotypes; an Optimus cylinder press—the finest of its type that is made; two job printing presses, one a Little Giant automatic; a book folder; a newspaper folder; power cutter; power stitcher; punch; perforator; eight cabinets of type with scores of new type faces; and all other kinds of equipment that is needed. A Kelly automatic press is being installed.

The plant is sufficiently large to produce a daily newspaper when the time arrives to warrant the publication of a daily.

No printing job is too small to merit the attention of this plant; few jobs are too large to be successfully handled here.

Much of the profit of this business is re-invested in this plant in order that we may be of greater service to the people of the community.

# The News Is a Definite Asset and Resource to Canyon

Representing a heavy investment to the owner, and with book value assets running into thousands of dollars, The Canyon News and the Warwick Printing Company are one of Canyon's largest assets.

This firm is a heavy taxpayer, spends thousands of dollars for materials, postage, insurance, lights, power, gas, freight, etc., each year.

A staff of experienced newspaper people are employed in addition to many correspondents who are paid regular compensation. More than 40 people are directly interested each week in the production of this newspaper. Every person interested in The Canyon News, spends his money among the business firms of Canyon. Every person connected with The News believes in Canyon and the future of the city.

For 54 years this institution has been working for the upbuilding of Randall county; this newspaper has always been a real asset and resource to the business interests of the community.

When you buy printing, you will do well to invest your money in Canyon — to build Canyon, and insure its future growth and development.

# The News Is the Most Economical and Effective Advertising Medium

Whether it be for the farmer who has a few head of stock for sale, or some farm implement of which he wishes to dispose; the city property owner who has something to sell or rent; the professional man who wishes to keep his name before the public; or the merchants of Randall county who wish to reach ALL the people every week with merchandising messages, The Canyon News offers the best medium. Business firms who advertise regularly every week, are highly pleased at the results they are getting.

The News goes into the homes of Randall county upon invitation of the home owners who do the buying; and it is read by every member of the family, because The News prints the weekly news of the county in which each and every member of the family is interested.

It is the policy of The News to give the maximum of co-operation, circulation and reader interest to its advertisers at as low a rate as possible. This has resulted in a wide volume of business and in universal satisfaction to those who advertise in The Canyon News regularly.

The Canyon News provides the best and most economical medium available in Randall county. More people are reading The Canyon News today than ever before, because they like Canyon and like The News.

# A FREE PEOPLE---A FRFE PRESS

## THE AMERICAN PEOPLE ARE NOT DUMB

We Americans have never, in the dictionary sense, been dumb. We are extremely vocal. When we don't like something, we say so. We tell our neighbor, we wire our Congressman and, probably most significant, we write a letter to our newspaper—a good many millions of us every year.

We are not dumb. We have never lost the use of our vocal chords. We know we're in the driver's seat, we know we can run the country. We're awfully cranky and when something displeases us, we're quick to tell the world. That's why we get things done.

In the good old U. S. A. slang sense, we Americans aren't dumb either. We know that the right to express ourselves didn't just happen. It was fought for. It was paid for in tears and in blood and we have guarded it jealously through the years.

We are not dumb. We know that our precious freedoms and liberties, the right to think, vote, travel, earn and worship as we please, are safe only so long as we please, through our newspapers. We know that of all our freedoms, the freedom of the press is the most important. We know that it guards every other liberty and that without it we would live in darkness, a prey to any demagogue's whim.

We Americans are not dumb. As long as we value our rights and our liberties we shall steadfastly resist any attempt by private interests or public authority to encroach upon our free newspapers. For the right to read is the right to know—to be informed. Because all our other rights depend on it, it is the one right most worth defending.

## M. E. Cantrell Suffered Heart Attack Tuesday

SHERIFF M. E. CANTRELL

Sheriff M. E. Cantrell has been in the Neblett Hospital since Wednesday morning as the result of a heart attack. A specialist was called in Friday and advised that he should be kept quiet for several days. No visitors have been allowed in his hospital room.

Mrs. Cantrell stated this morning that he spent a quiet night and was getting along very well. He will probably not be able to resume his work for a few weeks.

L. L. Hix volunteered to assist in the office of Mr. Cantrell at the court house during his illness. Mr. Hix was a deputy for several years until recently when he moved to his farm.

## "Laff It Off" To Be Produced On October 13-14th

The Veterans of Foreign Wars will present "Laff It Off" at the Canyon high school auditorium on next Wednesday and Thursday, October 12-13 for the benefit of the building fund.

The show has a newspaper background, with such celebrities as Walter Winchell, Hedda Hopper, Dorothy Dix and others impersonated.

A typical American couple, Mr. and Mrs. John Q. Public and their two children, Junior and Jane, furnish the story. This average family takes the typical newspaper and various scenes including feature stories, society column, sport pages and world news, are enacted in the show.

Marshall Rockwell, Jr., Commander of the VFW says that the show is highly recommended and has been a great success in other communities. It is something different in home talent, and is packed with thrills and entertainment features.

Mr. and Mrs. James Stipe are the parents of a daughter born October 2, in Neblett Hospital.

## .54 Of An Inch Rain Fell Here On Friday Night

Canyon received .54 of an inch of moisture Friday night.

Rain during September amounted to 2.45 inches in Canyon, which brought the total for 1949 to 24.87 inches. With the last rain added, Canyon now stands at 25.31 inches.

A much heavier rain fell over the west part of the county Friday night, which measured as much as 1.50 inches in places.

## Business Firms Are Asked For Floats Homecoming Fete

Homecoming will be observed at West Texas State on October 22.

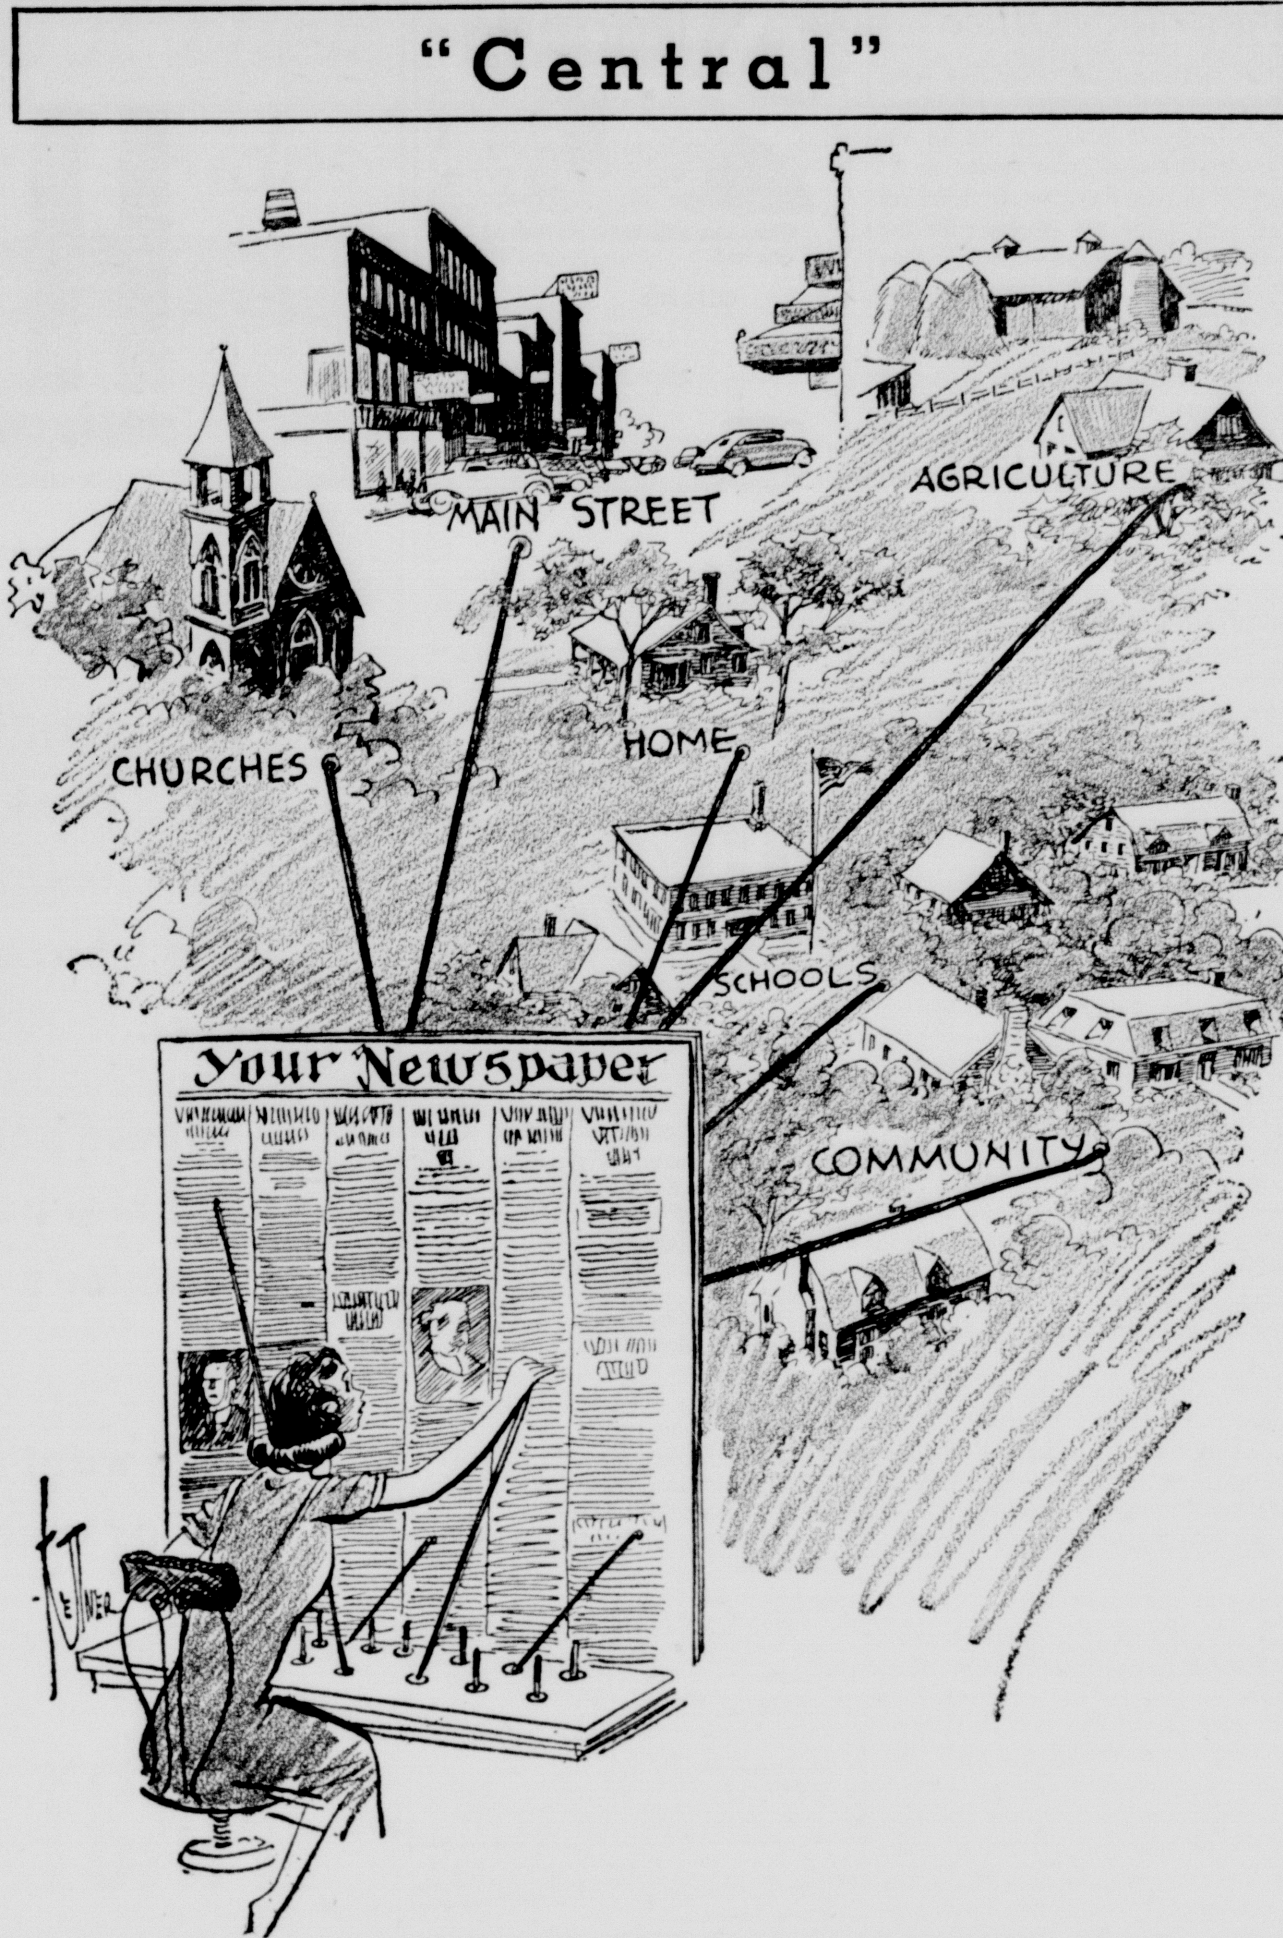

A huge parade will be staged at 10 o'clock in the morning, with 10 bands in the line of march, and thousands of persons participating in the various parade features.

Elmer Wooten, Clay Cooper and Bud Parker constitute the parade committee, and request that all business firms have floats, or decorated cars in the parade.

Trinity University of San Antonio will entertain the Buffalo football team at 2:30 o'clock in the annual classic.

## Inspection Was Made For Proposed Housing Unit of 100 Homes

Inspection has been made for the housing project which was announced last week by Ted Reid.

According to information received by Mr. Reid, the government will make a two year project of all housing which is approved. If the Canyon project is approved, only half of the houses in the project will be built in any one year. Mr. Reid was given to understand Friday that Canyon could not expect more than 50 houses approved at the present time. Application is pending for 100 houses.

The quota is based upon the number of sub-normal houses which are located in any community.

If the first unit works out as the government expects, then a second allotment may follow in the second year. However, so far no approval has been made.

According to Mr. Reid, several cities of Texas have application pending for housing units. At least five delegations were in Fort Worth Friday seeking housing relief. He was given no promise as to when the application from Canyon would be acted upon.

## Dairymen to Hold Meeting Tuesday

The Randall County Dairy Association will hold its regular meeting next Tuesday night at the court house, states Bill Wilson, president.

A motion picture will be shown at that time.

## Chamber to Assist With Barbecue Plans Made For W. Texas

Milton Morris has filed a request with the Chamber of Commerce for a cash donation of \$300 to assist with the expenses of the Homecoming barbecue.

Directors of the Chamber voted Friday night to make this contribution, or as much of this as is needed to finance the barbecue.

## Canyon Money To Be Issued For Christmas

Business houses of Canyon which are in the habit of giving cash bonuses to employees at Christmas time, are requested to give Chamber of Commerce bonus dollars this year, which will be redeemable at any store in Canyon for purchases.

The plan follows the one devised recently at Borger, with the exception that Canyon dollars will not be printed on rubber.

A. B. Holt, executive secretary, is contacting Canyon business firms to ascertain the number of dollars they will need for Christmas bonuses. These dollars would be spent in Canyon, and deposited at the bank the same as any other dollar.

If the plan is a success this year, it will be enlarged considerably for the coming year.

## Three-way Crash On Highway 87 Monday A. M.; No Deaths

Three cars were piled upon the highway north of Canyon Monday morning, but fortunately no one was seriously injured.

In attempting to pass a north bound car, a Tulsa car crashed into an oncoming pick-up. The Tulsa car was forced into the west outer line as the driver of the first car pulled out to pass another north-bound car.

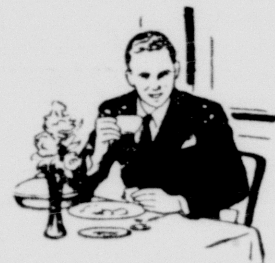

The pile up occurred as the Tulsa car crashed into a southbound pick-up owned by Raef Bros. of Umbarger and St. Francis.

## EDITORIAL COMMENTS

**This Is the Tenth Annual Newspaper Week in America**

This is 10th Annual Newspaper Week, October 1-8, 1949. During that week newspapers are expected to look over their fields and see how much better service they could be rendering their communities.

Readers are supposed to look critically at their publications and see how much more they can do to improve their newspapers. After all, publishing a newspaper is a fifty-fifty proposition.

For the first six years of Newspaper Week, The Canyon News was the only newspaper in this area devoting a special section to this annual event. We produced annually either a 12-page or an 8-page section devoted entirely to our newspaper.

Along came the war and upset our plans. Newsprint was dolled out almost by the sheet count, and we had to reduce our production. And labor was almost impossible to secure.

In 1948 we renewed our plans for an 8-page section, but had to skimp in order to get news print. We had plenty of labor last year, thanks to having three college boys who were printers.

This year we can get all the news print that we need, but the labor situation is as critical as ever. The boys of last year are gone. Few young fellows are studying to be printers, all of them expect to be "journalists," whatever that means.

Our devotion to the future of the weekly newspapers is stronger today than ever before. We have never been shaken in our faith of the country press by the various and sundry dire predictions which have been made from time to time by folks who thought they were pretty smart. This class has been preaching that the press was just about ready to fold up and newer devices in spreading the news would take its place. So far the press has outlived all its critics. So long as the press continues to serve, it will continue to live.

During this Annual Newspaper Week, we urge you to take time out to rediscover what your newspaper means to you and to your community. If you don't think your newspaper is very, very close to your part of this community, try a simple experiment: when your paper comes just set it aside and see how long you can refrain from reading it.

At any rate this is our week of self examination. We hope that you will join with us in examining your part in the production of the recorded history of this community—not all of the good deeds of the fine men and women of Randall county; and certainly not all of the evil deeds which have been committed here.

This is OUR WEEK, and we are happy to observe it.

**Atomic Bomb in Russia Has Caused No Furor in America**

A scientist who had worked on the atomic bomb told us a year ago that there was no reason why Russia should not develop the atomic bomb; and that if and when one was exploded, we here in America would know about it.

This fact seems to have been pretty well known in Washington. The announcement of President Truman that such a bomb had been exploded caused no furor among the lawmakers. But it did bring haste into their work. Whereas the Senate has been stalling for time, now it is acting as it did during the war. There is no longer time for dilly-dally.

Word comes from Europe that the bomb exploded prematurely, blowing up the factory and killing the scientists. That is exactly what Stalin would like for us to believe. Fortunately there are few in America who believe this rumor—as much as we hope that it is true.

We have an old gag in America—"as sure as taxes and death." Taxes come regularly, and we no longer fear them; and every person knows that he must eventually face death. Perhaps too few are preparing for death.

We have all known that some day Russia would come up with the atomic bomb. It was silly to say that Russia could not make the bomb.

The only thing left for America to do is to be prepared to meet any emergency. Having a stockpile of bombs in easy access to Europe, and plenty of planes to wipe out all Russian centers of population upon the slightest provocation might hold Stalin in check.

**Reform in Marriage Licenses May Drive Couples From State**

It is pretty hard to reform people by asking that they observe the rules of reason when it comes to marriage. Texas tried to reform the laws of the state about a score years ago by requiring that both the men and the woman take physical examinations and wait for three days between the time of the examination and the ceremony. The result: The prospects went to either New Mexico or Oklahoma.

The last session of the legislature passed a law similar to the former one, which is now effective. Instead of rushing into matrimony, both the contracting parties are required to take physical examinations.

We shall now see what will happen.

It is hard to reform the habits of people. Senator Capper of Kansas has a federal bill pending in Congress which would uniform the marriage and divorce laws of the nation. While most of us rebel against the federal government stepping into private affairs, we are just wondering whether or not marriage and divorce still continues to just affect two persons. Are not more than two affected?

**Women On Juries in Texas**

Randall county had a jury out on a criminal case for two nights last week. If women were permitted by law to serve on juries, it would have been necessary for the county to provide separate sleeping quarters for the men and women.

No doubt the presence of women would be a good thing for our courts, but in a small county with so few juries, it will be an expense to provide separate rooms for the males and females.

Parents with boys and girls away from home, might send them *The Canyon News* regularly. The cost is little compared with what it will mean to those who read it. If you doubt what we say, try it on your child away from home.

This is the time of the year when late sleeping young men yet up early Sunday to read about the football games.

Oklahoma stays dry. Putting the state into the liquor business does not suit our neighbors to the east.

**Legislature Is Seeking to Become Administrative Office**

We read a thoughtful statement the other day from a writer who wanted to come to the assistance of Texas legislators by giving them a boost in salary but he objected to the proposed constitutional amendment of increasing the pay from \$10 per day, while working for the State to \$10 per day when not working for the State. It is true that many of the legislative members are called upon to devote many, many days per year in serving the people of his district, without pay, but they are NOT called upon to devote their full time.

The fly in the ointment, according to this writer, is that Texas does not need an annual session, such as provided by this amendment. Those who would support a liberal increase in per diem pay object to this annual session feature.

A third objection was raised, which has seldom been pointed out, that the legislature is attempting to become the executive branch of the government by attempting to control all spending by all departments of government through the means of budgets every three months. Once the legislature appropriates money, the expenditure of this money should be left in the hands of the administration of the department. If that administrator is not qualified to handle the finances of his department, then there is plenty of opportunity for cutting off his head and getting someone who knows how to spend money.

We are convinced that this amendment will be defeated by the voters—provided they go to the polls on November 8 and vote.

**Fast and Careless Driving Can Be Curbed by the Citizens**

*The Canyon News* has a letter from a reader urging that action be taken to stop reckless and fast driving in Canyon.

All of us agree that the writer of this letter is correct, and that something should be done before some innocent child, or perhaps aged person be run down and killed on the streets of Canyon.

What are we going to do about it? Canyon could not possibly hire enough police to put an end to fast driving. It would require a cop on half the corners of Canyon to control drivers.

Amarillo has doubled its traffic corps, but still has too many fast drivers. However, last week a student in West Texas State was caught driving slowly through a stop sign in a residential district. The fine was \$15.

What are WE going to do about it? Chances are that if any citizen of Canyon walked down the street this afternoon and saw one or more speeding cars that none would go to the trouble to get the license number and report the fast driving.

We simply don't want to get mixed up with law-breakers! All of us are too modest to appear in court against our neighbors, whom we know are breaking the law. Yet we say to all Canyon citizens that the traffic regulations of Canyon WILL NEVER BE ENFORCED until each and every citizen turns himself into a traffic cop, and is willing to help put a stop to fast and reckless driving.

Will YOU help?

**Criminal Lawyers Are As Objectionable as Criminals**

*The News* has repeated time and again throughout the years that the criminal laws of Texas are a farce. It is almost impossible to convict any criminal, regardless of his crime.

The smart criminal lawyer knows all the loopholes which are made possible by the laws of the state, as well as all the silly opinions which have been handed down by the Court of Criminal Appeals in its effort to lean backward to defend the criminal.

The Newsman seldom hangs around the court house while criminal cases are being tried. We do not care for the air of evasion and sometimes down right deceit which goes with the criminal cases. We can pick up the prevailing feeling which exists among the spectators who are drawn into the court room.

If we ever commit any kind of a major crime—which we hope will never be done—we would rather have the case in a Texas court than in any state in the union. Here the populace turns thumbs down on the rights of the people and upholds the criminal.

It is a very, very unsavory situation, and nothing can be done about it without a radical reform in our criminal laws and our criminal practices. Perhaps the smart lawyers would still be able to figure out a way to defeat justice.

We are sometimes convinced that the criminal lawyers of Texas are as much criminal as those who are on trial.

**Gambling Is One of the Major Problems of This Nation**

We heard a speaker the other night say that the public mania of England was gambling. The state approves gambling to the extent of selling permits for tax purposes.

This man stated that on Mondays the mails were clogged with racing forms and gambling cards which go to all homeowners. On Thursdays all bets must be posted, and again the mails are clogged with letters going to the bookies, with the bettor's choices.

Some folks have even suggested that America legalize betting in order to pay our public debt. We are trying to drink ourselves back into prosperity, and these fellows would now legalize the other evil of gambling.

A fool and his money soon part, but we would certainly be ashamed of our government to see gambling legalized. The open saloon is a terrible, terrible curse on America. Adding another public sin might not affect the same folks as drink does, but it would certainly not improve the situation.

We are not speaking as reformers, either.

The U. S., in our opinion, should treat other nations big and little, as justly as possible; if this fails to produce peaceful relations, we should be prepared to defend our rights against any and all encroachments.

The human body will stand so much and no more; young people should learn not to abuse their strength if they want to live long.

Once upon a time there was a man who had some work done on his house and, to his surprise the cost was less than he expected!

It is fine for us to enjoy religious freedom with the right to worship as we please but it does little good unless the individual really worships.

## Going to get your \$2,064 bait back?

Your shiny new automobile—with prices averaging about \$2,064—has to get you a whale of a lot of use to justify its cost.

Winter wear is the worst bait-snatcher. It can strip your car of plenty of service . . .

Unless you OIL-PLATE it!

**1. Oil-Plating**—a feature of patented Conoco N<sup>th</sup> Motor Oil—performs a wear-preventing miracle by fastening a shield of special lubricant to working parts. OIL-PLATING can't all drain down—even overnight!

**2. Always on Guard!** Even when the fine lubricating oil itself isn't covering a part, OIL-PLATING is! It protects your engine against grinding "dry-friction" starts . . . from corrosive combustion acids . . . from sludge and carbon caused by wear.

**Brockman-Artho Marriage Ceremony Solemnized in St. Mary's Church**

St. Mary's Church Umparger, was the scene Wednesday morning, Sept. 26, for the marriage of Ormalene Brockman, daughter of Mr. and Mrs. George Brockman, to Harvey Paul Artho, son of Mrs. and Mrs. Paul Artho.

Father Andrew Marthaler read the impressive service. Arrangements of white stock flanked the altar and featured the decorative setting for the ceremony.

Ernest Hollenstien, organist played "Marche Nuptials" by Valenti for the processional. "The Triumphal Mass" was sung by the church choir during the Nuptial High Mass and "Jesu Corona Virginitum" by Blanche at the offertory.

Given in marriage by her father, the bride was attired in a Victorian gown of ivory slipper satin, designed with a fitted bodice, Peter Pan collar edged in French lace, and pleated drape at the waistline, which formed a bustle effect in back and extended into double panels, edged in French lace over the cathedral train. Her tiered veil of illusion cascaded from a ring crown of ivory satin roses. For something old, she carried her maternal grandmother's bridal handkerchief. She also carried a bridal prayer book and rosary marked with white calla lilies and lilies of the valley.

Mrs. Brockman attended her daughter as matron of honor. Bridesmaids were Misses Elsie and Viola Artho, sisters of the bridegroom and Miss Pauline Higgins. Miss Della Mae Poehlmeier, cousin of the bride, was junior bridesmaid.

They wore identical gowns of slipper satin, styled with scalloped bertha collars, fitted bodices and gathered skirts. Their mits and half hats, trimmed with white plumes.

**WOMAN'S BOOK CLUB MEETS TO BEGIN STUDY SOUTHWEST**

Members of the Woman's Book Club met Wednesday, September 28, in the Old Library Room in the Courthouse with twenty-nine present.

Mrs. L. A. Donnell introduced the study of "Rediscovering the Southwest" by discussing places of particular scenic interest. Mrs. Walter Graham followed with an able discussion of Oases in the Arid Southwest.

Mr. and Mrs. E. L. Cranmer accompanied by Mr. and Mrs. L. E. Hermesmeier and Augusta Nepper motored to Dodge City, Kansas Monday to celebrate the golden wedding anniversary of Mr. and Mrs. Andrew Bogner, uncle and aunt of the women.

Mr. and Mrs. J. J. Boling and Mr. and Mrs. Winston Evans visited in the home of Mr. and Mrs. C. R. Snider in Pueblo, Colorado, over the weekend. Mrs. Boling and Mrs. Snider are sisters.

Clinton P. Anderson, U. S. Senator from New Mexico: "What liberty have we lost in America?"

matched their dresses and they carried white calla lilies. The matron of honor and the junior bridesmaid wore rose and the bridesmaids sapphire blue.

Robert Brockman, brother of the bride, was best man, and groomsmen were Leo Artho, brother of the bridegroom, and Allan Brockman, brother of the bride. Edward Reamaker and Jerome Friemel were ushers.

Mrs. Artho, mother of the bridegroom, wore a brown suit accented with a corsage of white carnations. During the afternoon, the bridal party was honored at a reception in the home of the bride's parents.

Mrs. Artho was graduated from St. Scholastica's Academy, Fort Smith, Arkansas. Mr. Artho, a student at West Texas State College, served three years in the Marine Corps.

**17 Study Clubs Have Printing Done By the Canyon News**

The Canyon News has completed study courses for 17 clubs of the Panhandle, and has pending orders from four more clubs.

These programs come from seven different towns of the Panhandle, with a predominant number from Hereford.

The programs range from 12 to 24 pages.

During the coming week the minutes of the Methodist women of Northwest Texas Conference will be completed for Mrs. Homer Brumley of Hereford. This book has 88 pages, with 1,000 copies being printed.

The News has been favored by printing from various parts of the Panhandle because of its superior equipment and service to customers.

Mr. and Mrs. Clarence Rich of Las Vegas, N. M., niece and nephew of Mrs. Hunter, visited in the Hunter home last week.

Mrs. Bob Stratton of Bellflower, California, is visiting with Friends and relatives in Canyon and vicinity.

Stan Hall of Los Angeles visited Friday night and Saturday with his mother-in-law, Mrs. C. O. Cooper, and other relatives.

Mr. and Mrs. Clyde Hodges and family of Miami visited Saturday in the home of his mother, Mrs. George Hodges.

Mr. and Mrs. C. F. Allen and sons from Houston were guests of Mrs. Bettie Ulich at Palo Duro Canyon Sunday.

Mr. and Mrs. Ross Richardson of Gardena, California, parents of John Hunter, are visiting in the Hunter home.

## Young Members To Share Responsibility in Planning Annual Show

Jack McCormick and Garland Ruthardt, both of the Zita Community, and Larry Porter, 2½ miles west of Canyon, enjoy soda pop and doughnuts at Canyon High School at a meeting of the Randall County Junior Livestock Association. New officers of the asso-

ciation are: E. M. "Mutt" Myers, secretary-treasurer; W. T. Oliver, member of the executive board; J. O. Parker, vice-president; Milton "Buff" Morris, president, and Glen Dowlen, member of the executive board. Ray Burrus, 9 miles north of Canyon, passes more doughnuts to Morris.

## Former Citizen Deplores Poor Airport Here

Canyon needs great improvements on its airport, says a former Canyon citizen. He knows, because he flew here from Arizona, and was undecided about trying to land when he first viewed the airport from the air.

John D. Leverton and his wife were here last week to attend the homecoming with his aunt, Mrs. Dolly Taylor. It has been 30 years since Mr. Leverton left Canyon. "I was amazed to find Canyon such a beautiful city as it is. But I didn't like Amarillo much as it has not shown the nice advancements that Canyon seems to have made," writes Mr. Leverton.

"Tell the boys out at the airport to blade off some of that tall grass for I expect to come and visit there again some day," concludes Mr. Leverton.

Mr. Leverton and sons own the Mesa Redonda Ranch at Concho, Arizona. He sends his regards to old Canyon friends, many of whom he did not get to see on his short time here. He was only 19 years of age when his parents left Canyon. His father will be remembered as the late George Leverton, pioneer of Canyon. He will keep in touch with Canyon affairs during the next year by a subscription to The News.

## Workers Named For Celebration

Preliminary planning, mostly appointing of committees, is underway for the 1949 Homecoming celebration to be held on the West Texas State campus October 21 and 22. Dr. Lee Johnson, chairman of the Overall Steering Committee, announced the appointment of the committees this week.

First meeting of the steering committee was held recently, at which time first plans were decided upon for the annual celebration.

Other members of the committee are Dr. Ruth Lowes, Boone McClure, Milton Morris, W. Mitchell Jones, W. A. Miller, Tom Langston, and Vaughn Vandergriff.

Committees named by the steering group are:

Publicity Committee: Vaughn Vandergriff, chairman; Jack Walker and Mrs. T. V. Reeves.

Parade Committee: Ted Reid, chairman; Leroy Reeves and Jack Worsham.

Band Committee: M. J. Newman, chairman; Lewis Stoelzing and Houston Bright.

Barbecue Committee: Milton Morris, chairman; Robert Busted, Aub-

rey Crossland, Boone McClure, W. H. Juniper and Lee Johnson.

Registration Committee: W. F. Haggard, chairman; Lucy Mae Yarnell and Frances Burba.

Finance Committee: Virgil Henson, chairman; Dr. James P. Cornette, Milton Morris, W. H. Juniper and W. A. Miller.

Dance Committee: Mitchell Jones, chairman; Ruth Cross, Jack Worsham, A. Kirk Knott, Frank D. Barnhill and Joe Duflet.

Concessions Committee: A. K. Goodman, chairman.

Dr. Johnson reported that at least one student will be appointed to each of these committees and that the Senate would have the power to appoint student members.

### ALASKAN PUBLIC WORKS

President Truman has signed a bill authorizing a \$70,000,000 public works program for Alaska, which will include schools, hospitals, public utility facilities, bridges, roads, streets, university buildings, libraries, firehouses and other public buildings. However, funds for the program have not been appropriated.

## Saturday Classes Prove Popular WT Enrollment Reaches 1909;

With enrollment all but stopped and classes well into the first semester work, the final figures reported by Dr. James P. Cornette, President of West Texas State, reveal 1,328 on campus students and 581 Amarillo Center students enrolled in the college, which makes history as far as this college is concerned.

This is the first time in the history of West Texas State that on-campus enrollment has reached above the 1,300 mark, and the 581 taking courses at the Amarillo branch far exceed even the most liberal pre-enrollment predictions made earlier in the year.

Saturday classes, offered on the campus for the first time this year, have created a new interest in advanced work, also, the president reported. The courses are being offered this semester, including two graduate seminars dealing with these. Saturday classes are to be counted as hours of residence study, needed for advanced degrees.

The Education Department leads in Saturday classes with four being offered, including 341, 431, 461-561 and 501. Others offered are English 501 and 511, Geography 411-

511, History 501, Home Economics 301 and Speech 320.

An interesting sidelight of these Saturday classes is the fact that some students who attend them come from fairly distant points. Dr. Ima C. Barlow of the History Department reports that Nila Harvey, who is taking the thesis course in history, comes from Portales, New Mexico to attend each Saturday.

Since Saturday enrollments are counted with resident students, no accurate count can be made of the number attending.

### SWAP

Fifty professors and some 75 graduate students — many accompanied by their wives and children — have already arrived in England for a year's study in British universities. They are members of the first group to go to England under the Fulbright educational exchange program, which provides for the use of \$20,000,000 for the sale of war-surplus property to Britain for a 20-year student exchange.

### H. D. COUNCIL MEETS IN REGULAR MONTHLY MEET

Randall County Home Demonstration Council met Saturday afternoon with Mrs. W. C. Angel, chairman, presiding. Twenty-three members were present, but Miss Lou Ella Patterson, Demonstration Agent, was absent because of illness.

Highlights of this meeting were the reports from the three delegates who attended the recent state convention at Mineral Wells. Mrs. Frank Simon told the purpose of the delegates at the meeting and then reported on the recreational and educational work shops. Mrs. Ray Metcalf gave the marketing and 4-H work shop reports and a report of the speech by Wes Izzard of Amarillo, who was one of the main speakers of the convention. Mrs. Jimmie Hartnett reported on the THDA and legislative work shops and the recommendations and resolutions of the meeting.

Contrary to former reports, the cake decorating school was held in the council room October 5 at 2:00 o'clock. Two members from each club were asked to attend.

Mrs. Angel reminded all present that annual reports of all officers, chairmen and presidents of all clubs will be due at November council. Election of officers will also be held at that time. A nominating committee, Mrs. Jimmie Hartnett, Mrs. Ray Metcalf and Mrs. A. B. Haynes Jr. was chosen.

The next regular meeting will be Saturday, November 5, at 2:30 o'clock.

### MRS. BARD DELANO HOSTESS TO ZITA H. D. CLUB MEET

Zita Home Demonstration Club met Tuesday, September 27, in the home of Mrs. Bard Delano.

Mrs. Delano spoke on quilts and displayed quilts with interesting patterns. Mrs. Forest Gruner spoke on plastics. Mrs. Wayland Angel had as her topic crocheting. Mrs. Don Olson gave a talk on brass work and miscellaneous handicrafts.

Zita Club raised more than \$100 for the Polio Emergency Fund.

At the social hour cake and coffee were served to Mrs. Angel, Mrs. Stuart Sondron, Mrs. Gruner, Mrs. James Jennings, Mrs. Bailie McCormick, Mrs. E. A. Michael, Mrs. Don Olson, Mrs. Arthur Olson, Mrs. Emil Olson, Mrs. H. D. Rose, Mrs. Ralph Ruthardt, Mrs. Glen Truax, Mrs. Delano, Jan Condron and Sydney Gruner.

We are the ships; we and our families, we and our businesses, we and our churches, we and our nations, we and our world. *The Beacon Light is our guide.*

We are in peril...every one of us and every business, every home, every church, every nation, the whole world. How foolish of us, if we shut down the hatches, close the cabin doors, and speed up the noisy music and the dancing. We might shut out the sound of the waves and the sight of the rocks ahead, but we would also shut out the Beacon Light which would guide us through the storm and to our haven.

Every soul is in danger. You are threatened at the very core of you by the self-indulgence and the bright lights that appeal to the physical passions; they are the dashing waves which would break your inner integrity and goodness. Why not have "a good time"? Why not eat and be merry"? Why be so serious when others are letting themselves go? Why be sober when everyone drinks a little? Why be a stay-at-home when everybody is on the go? Why be so careful of the truth and of the right, when others take life easily? You live in a dangerous world with the confusion and the noise of merrymaking and of money getting. How shall you save your soul, when the body is so important? Look at the Light! Who are the women and the men you really honor? Whose birthday anniversaries does the world celebrate? How did the Light of the World shine to them? Will you look to Him and learn of Him?

Your family is in danger. The pressure of business, of social pleasures, and of selfish ambitions threatens to wreck the fellowship and the confidence and the self-sacrificing affection which every member of the home must have. Success takes time and effort and loyalty, in the home as elsewhere.

Your business, your church, your nation; these are all threatened by the same waves and the same lurking rocks; sloth and greed and selfishness and pride, the attractiveness of the tawdry and the shoddy because of their easy gain. Let the Light shine on them and you will see how unworthy they are. Under the Light of God only the right and the true and the good and the lovely and the genuine and the worthy will stand clear and sound. Let the Light of the World be your Beacon, now and always.

Some people believe that Woodrow Wilson was re-elected President in 1916 on the slogan, "He kept us out of war." The race with Hughes was close and maybe that was the deciding factor.

It is interesting to note that a former Texan coined the declaration. Martin Littlejohn, Congressman from New York, used the slogan in a speech before the national Democratic convention. Littlejohn lived in Weatherford before moving to New York.

Former Governor Pat M. Neff dedicated a book to his mother in these words:

"To her who passed for me through the martyrdom of motherhood; to her, during weary days and sleepless nights, bent above my infant couch; to her who guided with a steady hand my erring feet from childhood to manhood; to her first to see my virtues and last to see my faults; to her whose brow the cutting cares of time have plowed deep furrows in which naught but beauty can be traced; to her, on whose honored head the wintry winds of eighty-five years have flung snowflakes that never melt; to her, around whose feeble feet the withered leaves of life's autumn are fast falling but in whose heart still bloom the flowers of spring; to her who, during all these years, has lived the simple faith of a simple life, far removed from the world's ignoble strife, the noblest and best woman in all the world because she is my mother, the

thoughts contained within this book are hereby lovingly dedicated."

Fort Worth's famous slogan, "Where the West Begins" originated in this way:

Sam Houston went to Bird's Fort, three miles east of Birdville (in Tarrant County), in 1843, six years before the founding of Fort Worth. He waited for more than a month for the Indian chiefs to come in for a parley and at last departed, leaving Gen. E. H. Tarrant and George W. Terrell to meet them when they appeared—which, finally, they did, except the Comanche leaders.

A treaty was made under which the Indians were to remain to the west and a line was traced passing through the future site of Fort Worth to indicate "Where the West begins."

## Sandy Oliver Gets High Honors Among West Point Seniors

Cadet George S. Oliver, son of Mr. and Mrs. W. T. Oliver, has been appointed sergeant in the Corps of Cadets at West Point. Oliver, who is a first classman or senior, received his appointment because of his high standing in military efficiency and aptitude for the service.

Cadets of the First Class are appointed to leadership within the Corps of Cadets and thus in their last year at the Academy under the supervision of Regular Army Officers, they lead and direct the Corps Cadets. This is done so that Cadets may have as much leadership experience as possible before being commissioned as lieutenants. In addition to his official duties, Oliver participates in activities of the Ski Club and Pistol Club while at West Point.

Before receiving his appointment to the Military Academy from Eugene Worley, Oliver graduated from Canyon High School, attended West Texas State College for one year. He hopes to be commissioned in the Air Force upon graduation next June.

Sir Stafford Cripps, Britain's economic planner, was prepared to delay a cut in the value of British money if the U. S. Congress had not acted to renew power of the President to make further cuts in U. S. tariffs. Approval by Congress of extension of the Trade Agreements Act was the signal for devaluation.

Secret of Russia's A-bomb possession was held up by the White House till after Congress had approved arms aid for Central Europe. Fear was that earlier announcement would start a whole new line of argument and delay approval.

## Two Lyceum Programs Set

Dr. B. F. Pronabarger, chairman of the Special Programs Committee, announced yesterday two attractions that will be brought to the W.T. campus during the 1949-1950 term. Dr. Pronabarger stated that only two large programs will be presented instead of several small ones as in former years. Admittance to the performances will be given with the presentation of a student activity ticket.

November 3, will bring the Amarillo Philharmonic Orchestra to West Texas. The program for the coming concert has not been completed.

Bascom Lamar Lunsford and the Appalachian Folksingers and Dancers will be the attraction for the second semester. Lunsford is a skillful and experienced entertainer with a large repertoire of the traditional American folk songs, ballads and dances. Variations used in the production stem from his own discoveries in his capacity as a folklorist and ballad collector. The program will include ballads, spirituals, work songs, songs of home and sentiment, and many folk dances presented by the Appalachian Folksingers and Dancers.

According to Dr. Duncan Emrich, folklore chief for the Library of Congress, Lunsford knows more American folk lore songs than any one else in the country. A native of Buncombe County, North Carolina, Lunsford, who calls himself a "mountaineer," more accurately is a farmer-lawyer and actually devotes all his time to folk music. Founder and director of several annual folk festivals, he has long been one of the country's foremost experts in his field.

Mr. Snyder and other high officials are working with the British on prospective policy changes that some day will permit trade in the Western world to flow on an uncontrolled basis, with one currency freely convertible into another at a fixed rate. At present, export and import controls and controls over the use of money continue to be widely applied.

Dean Acheson, Secretary of State, finds that the influence of the Department on matters of broad policy is becoming more and more limited. Foreign policy as it relates to Russia is dominated by Louis Johnson and the military services, not by the diplomats. Economic policy is set by the Treasury, not by the diplomats.

Senator Styles Bridges, of New Hampshire, unwittingly touched off the strike in coal by voting with John L. Lewis to end payments from the miner's welfare fund. Senator Bridges has been drawing \$35,000 a year as one of three trustees of the fund and has been voting with Mr. Lewis on most issues.

John Snyder, U. S. Treasury Secretary, is entrenched with Mr. Truman as the No. 1 shaper of U. S. foreign policy in the economic field. Mr. Snyder worked out the deals with Britain and is representing the White House in contacts with Congress on issues of economic policy abroad.

President Truman outsmarted Russia's Joseph Stalin with his announcement that Russia had succeeded in staging an atomic explosion. The Russians were all set to explode that news themselves in a big propaganda blast in the United Nations Assembly when Mr. Truman stole their thunder.

Russia's Joseph Stalin cut the value of the Russian ruble by 30 per cent as a gesture to indicate that Russia still is interested in contacts with the outside world. Actually money means little in that country's transactions with other countries because trade is rigidly controlled.

Henry H. Arnold, retired General, and wartime Air Force Commander: "Political favoritism and business relationship had nothing to do with the selection of the B-36 as a long-range military bomber."

Many people will agree with Herbert Hoover that government expenses have reached the breaking point.

## Announce Plans For WT Clinic

Dr. Ruth Lowes, professor of education, announced this week that Saturday, October 15, has been selected as the date for the annual conference of elementary teachers and principals throughout this area.

Over 300 are expected to attend the one-day clinic, at which Dr. Harold D. Drummond of Peabody College for Teachers, will be the main speaker.

Last year the conference held on this campus attracted about 250 teachers of this area.

**Vocational Talk On Newspapers Given At Rotary Luncheon**

Clyde W. Warwick gave a classification talk Tuesday on newspapers at the luncheon of the Rotary Club. This is the 10th Annual Newspaper Week, which is being observed by many newspapers throughout the nation.

There may be nothing new under the sun, but new methods and devices have improved the newspapers from the day man first carved his message on stone and started printing. Newspapers in at least two cities of America have been produced without printers, who went out on strike months ago. While the method is expensive, the results were effective in Chicago, Ill., and in Abilene, Texas.

The newspaper is a record of the daily or weekly deeds of men in the community in which it is published. Schools of Journalism are serving a good purpose, but more young men should study to become printers instead of so-called journalists, declared the speaker.

Mr. and Mrs. Warwick were invited to be guests of the Elks Lodge in Amarillo Monday night. Elk Lodges throughout the nation, 1600 in all, are observing Annual Newspaper Week. Jeff Williams, noted leader in Rotary and brilliant orator, was the speaker. Warwick quoted from Williams as to the obligation of newspapers to the community, and the obligation of readers to the newspapers.

The Canyon News has several things of unusual merit on this Annual Newspaper Week, stated the speaker. It has been under one management for 39 years; it has been more widely quoted than any newspaper in this area; it has the largest number of pictures of local people on file; it has published the school page for 24 years; it has many consistent local advertisers; it was the only weekly given space in "Editing the Day's News;" it has increased greatly in size in recent years.

President Jack Haley reported on the Lubbock inter-city meeting Thursday which was attended by himself, Lee Johnson, J. W. Shook, and W. H. Upchurch.

Visitors were: Leroy Reeves of Canyon; Rex Daniel, Forrest Barnes, Arnold Attebury, Hubert Dowell, all of Amarillo; Bob Lindsey of Borger. Rotary Ann night will be held Tuesday, Oct. 18. Wes Izzard, editor of the Amarillo News, who recently returned from Europe, will be the speaker.

Mr. and Mrs. Moran Meador of McGregor, Texas, were guests of their cousin, Miss Edna Graham, Friday night.

**Revival Will Be Held at Baptist Church Oct. 9-16**

DR. C. E. COLTON

T. D. CARROLL

The fall revival at First Baptist Church in Canyon will begin Sunday, Oct. 9, according to announcement of Pastor Roy L. Johnson, and will continue through Sunday the 16th. The preacher will be Dr. C. E. Colton of Dallas, and the song leader will be T. D. Carroll of Henderson, Texas.

Mr. Carroll has been an evangelistic singer for many years, and is well known in church circles of Texas and the Southwest where he has led music for many meetings. Dr. Colton is pastor of North Temple Baptist Church in Dallas, and for one year was teacher of Bible at Wayland College in Plainview.

He has announced that his messages will be based on the Epistle

to the Philippians. Sunday services will be at 11:00 and 8:00. Sunday School will be at 9:45 and Training Union at 6:45. Week-day services will be at 10:00 a.m. and 7:30 p.m., with a prayer meeting by Sunday School departments each evening at 7:00. Friends of various faiths and no faiths are cordially invited to attend the services.

**Jack Curtis Bringing Team Back to City Saturday Night**

Texas Western College of El Paso will play the Buffaloes at Buffalo Stadium Saturday night at 8:00 o'clock.

Coach Jack Curtis of the Miners was head coach of West Texas State a few years ago, and is well known in Canyon. His team has started a successful season, with one Border Conference victory to its credit.

Scouts who have been here to see the Buffaloes in action state that the game should be very close, with a slight difference in weight favoring the visitors.

**McMURRAYS HAVE SURPRISE CELEBRATION IN ABILENE**

Mr. and Mrs. J. H. McMurray and daughter, Ona Mae, have returned from a two weeks visit with their son, J. O. McMurray and family at 1733 Swenson St., Abilene, Texas.

While they were there, their 56th wedding anniversary was celebrated on Saturday, Oct. 1, with a surprise dinner given by their son and his wife. A large cake beautifully decorated with roses and the inscription "Happy Anniversary 56, Oct. 1" was the centerpiece of a bountiful dinner.

Among those present was their only great grandchild, Ronald Lee McMurray, 21 months old.

Mr. McMurray's only living brother, D. H. McMurray, lives at Brooksmith, near Brownwood. They had the pleasure of visiting with him and with other friends and relatives at Trent, Salt Branch and Plainview.

## Citizens of Canyon Will Soon Decide Who Is Most Useful Citizen of Canyon During the Year—Judges Are Selected

Who is the 1949 leading citizen of Canyon? Citizens of Canyon will be called upon very soon to make their choice of the man or woman who will have this honor. At an early meeting of the Chamber of Commerce this year it was decided to make such a selection, and to give an appropriate scroll to the person who receives this honor. T. S. Stevenson and O. W. (Bud) Parker have been named to have charge of this contest. They will make their announcement of plans in the near future. Citizens of Canyon are put on notice that they should begin now to consider the acts of their fellow citizens during the past year in order to make a more intelligent selection when the time comes for this decision.

## Polio Drive Ends With More Than \$2700 in Cash

The total for the polio amounted to \$2710.50, according to J. W. Shook, who was in charge of the special drive. The campaign was put on because all funds had been exhausted in the nation by the unusually large number of polio cases this year. Mr. Shook states that he is very grateful to the large number of persons in Randall county assisted during the campaign, and gave so liberally to the fund.

Lt. George Shannon Black, on furlough from his station in Japan, is visiting in the home of his aunt, Miss Pearl Black, and with other relatives.

## Amarillo Man Got Five Years On Charge of Sodomy

Robert H. McDaniel of Amarillo was found guilty of sodomy by a jury in district court late last Wednesday. The jury recommended a suspended sentence of five years. In the case of George Olen Mahle vs. Julia Mahle Clark, custody of their two children was given by a jury to a sister of the plaintiff, Mrs. Carl Hair.

Visitors in the home of Mrs. Jeannette Robins recently were Mrs. Jessie H. Fleenor of Manhattan, Kansas, with her daughter, Mrs. Warren Keller of Plainview, and Mr. and Mrs. Charlie Green of Hobbs, New Mexico.

## New Marriage Law To Take Effect October 6

The new marriage license law will become effective in Texas on October 6. Those who contemplate marriage must keep in mind the fact that both the man and the woman must have a complete physical examination before a license can be issued by any county clerk.

Those wishing to marry should go to their family physician, have the complete examination, which includes a blood test. In view of the fact blood tests cannot be completed except by authorized laboratories, the contracting parties must contemplate a delay of about three days in getting back returns on these tests. There are only two certified laboratories in the Panhandle which are recognized by the State Health Officer.

County Clerks cannot issue marriage licenses until these returns are fully completed. Licenses must be issued within 15 days after the examination has been completed. "We shall have no more of this sudden marriage business in Texas," stated County Clerk T. H. Lair Monday.

Couples who are contemplating marriage within the coming week have been securing their licenses early in order not to run into the

new law and hence might be delayed in securing their licenses.

## PI CHAPTER DELTA KAPPA GAMMA INSTALLS OFFICERS

Members of Delta Kappa Gamma, Pi Chapter, met Saturday, September 24, at 6:00 o'clock in Lowell's Cafe, Amarillo, for the first meeting of the year. Officers for the year were installed. These are: President, Miss Mae Simmons; first vice-president, Miss Ruby Bennett; second vice-president, Miss Ida Lee Cope; recording secretary, Miss Leta Johnson; corresponding secretary, Mrs. A. B. Holt; parliamentarian, Miss Avis Wier.

Following installation of officers was a dinner at 6:30. Present were 82 members and two guests: Mrs. Vera Gay Gray, of Beta Iota Chapter, Delta Kappa Gamma, Alpine; and Miss Alice Payne, of Delta Chapter, Raton, N. M., now a teacher of English in W.T.S. High School.

During the business meeting, Miss Edna Graham, director of the regional meeting to be held on October 29, at the Herring Hotel, with Pi Chapter as hostess, and her committees gave an outline of the program and plans for the day.

Miss Carmen Ulm presented Miss Louise Orr, the out-going president, a past-president's pin.

Miss Lillie White paid tribute to the memory of Mrs. J. J. Kendrick, who died during the summer.

Mrs. Maude Shigley of Canyon City, Colo., sister of Mrs. W. C. Hixson; H. F. Miller of Los Angeles, Calif., brother of Mrs. Hixson; and Mrs. Lena Hammond of Canyon City, niece of Mrs. Hixson, visited recently in the W. C. Hixson home.

## W. T. Freshmen Battered By The Tech Frosh 59-7

W. T. Freshmen took a hard beating Friday night from the big squad of Texas Tech Freshmen by a score of 59-7.

The Canyon boys were never in the running, trailing by a score of 21-0 at the end of the first quarter.

James Ross Wilson accompanied by his mother and grandmother, Mrs. Ross Wilson and Mrs. Dollie Harris, of Amarillo, visited friends and former neighbors in Canyon recently. Mrs. Wilson will be remembered as Ora May Harris. Mrs. Harris was president of the College Dames for a long time. Jimmy is 20 months old.

Visitors in the home of Mrs. Ruth Hill and family Wednesday of last week were W. T. Adcock of Meridian, Mississippi; D. L. Adcock of Lamesa; and Mr. and Mrs. Clarence Adcock and daughter, Nancy. W. T. Adcock is an uncle of Mrs. Hill and Clarence Adcock, and D. L. Adcock is their cousin.

Mrs. L. H. Cooper of Portales, New Mexico, is visiting in the home of her sister, Mrs. Jeannette Robins.

Mr. and Mrs. A. D. Parker and son, Ronnie, of Amarillo, visited in the home of her mother, Mrs. C. E. Griffin, over the weekend.

## Program Tea in Warwick Home Honors Ellen Sanders Bride-Elect

Miss Ellen Sanders, who will be married to Tom E. Knighton in a ceremony to be performed at the First Methodist Church Saturday evening, was guest of honor Friday afternoon at a program tea given by Mrs. Clyde Warwick, Mrs. Ed Harrell, Mrs. W. C. Black, Mrs. J. M. White, Mrs. L. C. Moreman, and Mrs. Lee Foster. The Warwick home, 1110 Sixth Avenue, was the scene of the tea.

In the receiving line were Mrs. Warwick, Miss Sanders, Mrs. D. F. Sanders, mother of the bride-elect, and Mrs. T. H. Knighton, mother of the bridegroom-to-be. The honoree wore a black afternoon dress of satin-striped faille with a corsage of white carnations. Mrs. Sanders and Mrs. Knighton's corsages were yellow carnations, and Mrs. Warwick's was of pink gladioli.

Arrangements of autumn flowers and yellow candles were used at points of vantage to decorate the spacious entertaining rooms. On the desk in the study where the guests registered a white plastic heart flanked by two cupids with bows and arrows was the center of interest. Miss Ruth Ann Soli presided at the guest book.

After the guests assembled, Mrs. Foster introduced the numbers on the program. Miss June Wimberly played a piano solo, "The Girl With the Flaxen Hair" by Debussy. Mrs. H. R. Fulton, Jr., sang "I'll Walk Beside You" by Murray and "If I Could Tell You" by Firestone. W. R. Wilson gave two whistling solos.

## NEW RELIEF! For Stuffiness, Coughs of Colds

You know—like millions of others—how wonderfully effective Vicks VapoRub is when you rub it on.

Now...here's amazing, special relief when there's much coughing or stuffiness, that "choked-up" feeling. It's VapoRub in Steam...and it brings relief almost instantly!

Put 1 or 2 spoonfuls of VapoRub in a vaporizer or bowl of boiling water. Then—breathe in the soothing, medicated vapors. Every breath eases coughing spasms, makes breathing easier. And to prolong relief—rub VapoRub on throat, chest and back.

Use it in steam...Rub it on, too!

"Evening Star" from "Tannhauser" by Wagner and Victor Herbert's "Gypsy Love Song." At the conclusion of the program Mrs. Harrell presented the honoree with a music box on behalf of the hostesses.

The musical interests of both the honoree and her fiancé were carried out in the decorations in the dining room. The table was covered with a cut-work cloth centered with a music staff made of green glitter wire and resting on an oblong platform draped in aqua angel hair and satin yellow chrysanthemums and maline ribbon decorated each end of the platform. The notes on the staff were made of yellow chrysanthemums and were placed to represent the first measure of the traditional Lohengrin wedding march. "Here Comes the Bride." Standing on the platform with the staff as a background were a miniature bride and bridegroom. Yellow tapes in silver holders completed the setting. The table appointments were of silver.

Guests were served coffee, heart-shaped sandwiches and cookies in pastel colors, yellow mints, and nuts. Mrs. Sanders presided at the coffee service. Assisting in the dining room were Mrs. Louis Henders and Mrs. Murphy White. Others in the house party were Miss Mary Pat Haley and Miss Sally Foster.

## Vergie Ruth Haines Among Students At Women's College

Miss Vergie Ruth Haines, daughter of Mrs. Gladys Haines, 1809 4th Avenue, is among nearly 2000 students enrolled at Texas State College for Women for the fall term.

Two hundred and four out of 254 Texas counties are represented in the registration figure as well as 17 students from four foreign countries and 321 registrants from 31 other states.

Housing facilities during this second year of normal peacetime enrollment are the best in the college's history as a result of the present three and a half million dollar building program.

Miss Haines is a senior English major, minoring in education. She is serving as vice-president of Sigma Tau Delta, honorary English organization.

## Wheat King Will Be Crowned At Tri-State Fair

The "Texas 4-H Club Wheat King" and the "Texas FFA Wheat King" will be crowned at the Tri-State Fair at Amarillo this week. The ceremonies will take place during a special performance of the "Grand Old Opry" at 11:00 a.m., Thursday, October 6.

The 4-H Club Wheat King will receive a large gold trophy, a check for \$100, and trip to Houston and Galveston to study the marketing and processing of wheat—all supplied by the Texas-Oklahoma Wheat Improvement Program plus \$100 in cash from the Amarillo Grain Exchange. Total cash value of this prize is \$350.

The Texas FFA Wheat King will receive the trophy, trip, and \$100. The FFA boy with the best long-time wheat production record will also receive \$100 toward a college scholarship. Wheat "Princes" or second prize winners in each division will receive \$50 plus trophies and trips.

Free trips to terminal markets will be given to a total of 16 boys and their leaders in these contests. All county and chapter winners will receive gold medals. A total of \$2,300 will be awarded wheat exhibitors at the Tri-State Fair.

The boys' wheat samples have already been judged for economy of production and excellence of the grain produced. Top samples are now being milled and baked by Doty Technical Laboratories at Kansas City to determine which will bake the best loaf of bread and thereby determine the two kings.

These awards are provided to stimulate greater interest on the part of future wheat growers in the production of pure and certified seed wheat to make larger amounts of seed available to growers and to glamorize production of the Texas No. 1 cash grain crop.

### SPORTS ROUNDUP

Football fans of West Texas may hear a review of the College's athletics each Monday evening at 10:15 over Station KPFA of Amarillo.

Emceed by Buck Garrett, former Buff player and now on the coaching staff, the program will give a highlight of past, present and future events in the sports world of the College. Entitled "Campus Sports Round-up," the program originates from the campus and is under the direction of Jack Walker, director of radio.

## WT Library Has 200,000 Government Documents For Use

When the city of Clarendon took over the Clarendon College years ago, the library of government documents housed there was moved to West Texas State College. Through the years this collection has grown until at the present time West Texas State is the largest depository of government documents in this area aside from Oklahoma City and Dallas.

Lawyers, oilmen, educators and others come to the West Texas State library every day to make use of the 200,000 volume collection. The library receives a copy of every official document coming off the Washington press and legal proceedings of each day's Congressional session is catalogued, kept safe and made available to the public.

When the new library building is built this spring on the campus of West Texas State, this huge store of documents will be moved to its new home and will continue to be available to anyone in this area.

## Faculty Starts Program To Help Freshmen in WT

"Make the Freshmen feel at home away from home," is a motto of the West Texas State College faculty. The instructors have organized a program by which they can help the new student over the rough spots of beginning their stay on the college campus. All underclassmen are required to attend a series of six lectures delivered by faculty members on such topics as: "Boy-Girl Relationships," "How to Study," "Social Manners" and "How to Take Notes."

Following the democratic tradition at West Texas State, all freshmen students are given the best possible opportunity to get acquainted with the faculty and at the same time get the maximum benefit from the association with the faculty advisors. Each Freshman student is assigned to a faculty counselor whose responsibility it is to help the student in any way possible.

Dr. A. Kirk Knott is in charge of all freshman orientation.

## WT Department Plans Workshop

The English Department of West Texas State College has extended an invitation to all English instructors of District 9 of the Texas State Teachers Association to attend the English Workshop, October 7. There will be two general sessions. Friday evening, October 7, and Saturday morning. The workshop will terminate Saturday noon with a special luncheon. These meetings will be held in the Speech Building Auditorium and the luncheon will be in the College Cafeteria.

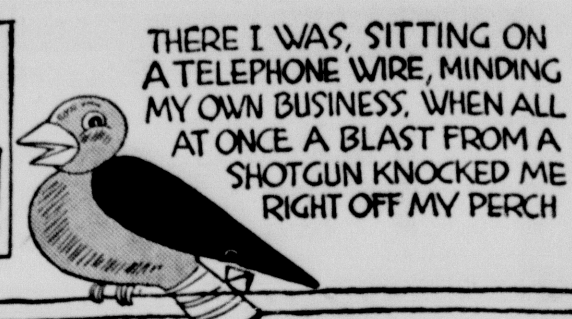

Mrs. W. A. McDavid, of the Amarillo High School English Department, will be program chairman for the conference and Dr. Mattie Swayne Mack of the West Texas State College English Department will be general chairman.

Problems of teaching reading will be the theme of the sessions. It is expected that instructors from eight high schools and colleges will attend. Instructors in related departments are welcome to attend these sessions.

Wes Izzard, editor of the Amarillo Globe-News, and Dr. Walter H. Juniper will be guest speakers at the luncheon.

## FIGHT FIRE TO PREVENT THE HOUSING SHORTAGE FROM GETTING WORSE!

Each day the destruction caused by fire places hundreds of families in a housing market that is already critically over-loaded with demand.

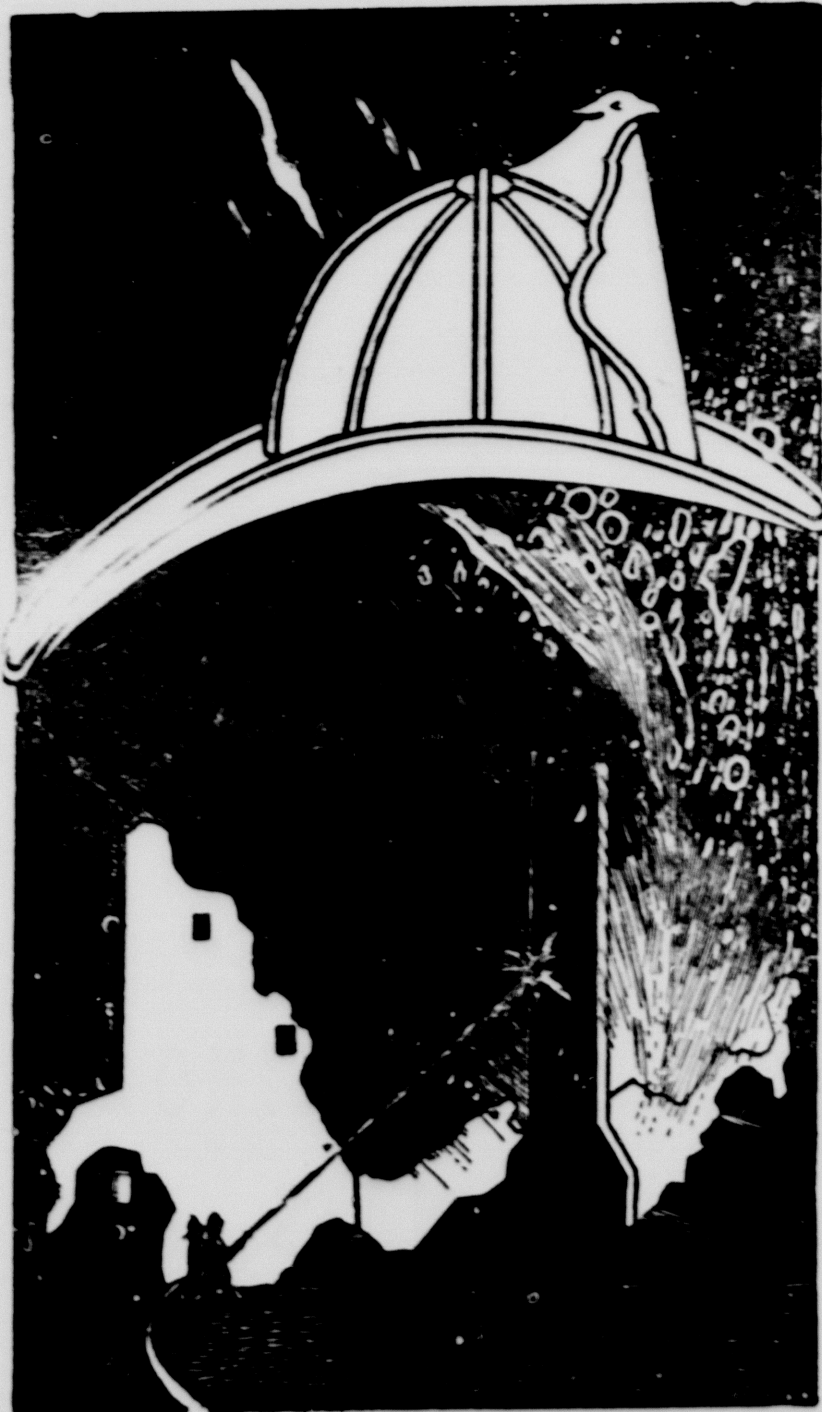

Builders are constantly trying to close the gap that now exists in our housing needs, but they can't achieve this goal without your help.

During National Fire Prevention Week we are interested in impressing you with the dangers of fire to your home and how to correct them if they exist.

You should, annually, have your home checked over by one of our representatives, who is experienced in detecting fire hazards such as poor wiring, bad insulation or weak protection against heated stoves or furnaces. And while you are taking this precaution, ask him about fire insurance.

Adequate insurance of your home protects you from complete loss in the event of fire.

## Three Canyon Boys Are Playing On The Buffalo Squad

Three Canyon boys are among the 42 varsity players on the 1949 Buffalo football team.

Scheduled to see much action in competition this year are Tom Airhart, Charles Wright and Mitchell Jones, Jr.

Airhart, a 190-pound fullback, will be called upon much this year in Coach Frank Kimbrough's new wing-T formation. Standing 6 feet 2, Airhart is a swift and slippery runner and packs the wallop of a locomotive. Only a sophomore, he has a freshman letter to his credit. He is the son of Mr. and Mrs. L. L. Airhart of Dawn.

Wright is playing his third season under Kimbrough and this should be one of his best years. Running from a fullback post, this 195-pounder stands 6 feet 1 and is expected to deal opposition plenty of trouble. He is a junior and is the son of Mr. and Mrs. J. J. Wright.

Jones, son of Mr. and Mrs. Mitchell Jones, is playing his first year of college football although he is a sophomore. A heavy study load forced him to drop out of freshman ball last year. Jones weighs 200 pounds and plays guard.

## MISTREATED AMERICANS

Approximately 132,000 Americans, mistreated by Japanese and German captors in World War II, or their survivors, may expect compensation payments beginning early next year, according to Daniel F. The money will come from certain German and Japanese property confiscated in this country.

## U. S. POPULATION

The population of the United States is expected to pass the 150,000,000 mark before January 1, according to the Census Bureau. The total population on Aug. 1 was 149,452,000, an increase of 237,000 over the July 1 estimate. The Aug. 1 figure represents an increase of 17,782,000, or 13.2 per cent, over the 31,669,275 persons actually counted on April 1, 1940, the date of the last census.

## Scarlet Fever Is Confined to No One Age Group

Scarlet fever is one of the most disabling and dangerous diseases usually associated with childhood, although actually it is confined to no age limit, according to Dr. Geo. W. Cox, State Health Officer. While only six cases were reported in the state during the week ending September 24, it brought the year's total to 911 cases.

The doctor described scarlet fever as an acute infectious disease, the onset of which is sudden. The first symptoms including sore throat, vomiting, fever, and headache, may appear in three to five days after exposure. These are followed by the distinctive red rash which gives the disease its name, Dr. Cox stated.

Complications may cause prolonged disability or death. Children suffering from scarlet fever may develop sinusitis and middle-ear infections which can lead to mastoiditis. As the germs spread through the child's system, the joints, kidneys, and heart may become involved, causing life-long invalidism or crippling.

"A child with any kind of sore throat should be seen by the family physician promptly," Dr. Cox asserted. "If scarlet fever is present, the treatment recommended will do much to alleviate discomfort and reduce the possibility of serious complications."

Dr. Cox stated that children under ten years of age are most susceptible, and that those persons who fail to contract scarlet fever until grown stand an excellent chance of never having the disease.

## SOUNDS A LITTLE CRAZY

"Really," replied the boss. "Well, there's another one that says: 'The steam that blows the whistle doesn't turn the wheel.'"

"Oh, yeah!" rejoined the employee. "Then remember this: 'The hen that does the cackling lays the egg.'"

"That'll be enough of that!" snapped the boss. "You don't get the raise. You can't tell by the auto's horn how much gas it has in the tank."

## SARCASM

A wife came in from a bridge party one afternoon and discovered her husband and a strange man (who proved to be a lawyer) engaged in some mysterious business over the dining-room table which was covered with papers.

"What are you doing with all that paper, Henry?" she asked sternly. "I am making a wish," said Henry meekly.

"A wish?"

"Yes, my dear. In your presence I shall not presume to call it a will."

## One Cigarette Caused Huge Loss of Life

On a recent weekend we had new and terrible proof that a cigarette, harmless as it may appear, can be a lethal weapon.

The fire which destroyed a pleasure cruise ship at a Toronto dock, with a ghastly toll of death and injury, is believed to have started from a carelessly dropped cigarette. The following day a commercial plant burned in California, and the property loss was very heavy. Again, according to authorities, a cigarette was the probable cause.

Does it seem incredible that so small a thing as the fire at the end of a cigarette can be responsible for major disasters? In the case of the passenger vessel, one entire section of the craft, containing state-rooms, was flaming within three minutes after the fire was noticed. Within fifteen minutes the entire ship was ablaze. Under certain conditions fire travels with unbelievable rapidity. Its victims are trapped without hope of escape. The horrible hotel fires of last year and the year before provide other illustrations of this. And in the worst of those fires a cigarette also set off the holocaust.

The careless, thoughtless smoker can be as dangerous as a maniac with a bomb. He is a threat to lives, property, and irreplaceable natural resources such as forests and wildlife. Every person who smokes must be made to realize the obligation he owes to society to take care.

## Intra-Mural Athletics Highlights Noon Hour Activities For CHS

Intra-mural athletics this year is quite different from what it has been for the past few years. Instead of having the different grades play one another, all the boys in Canyon High are divided into six sporting clubs. They will remain in this club throughout high school. New boys coming in every year will be divided among the teams. Coach Scott says, "We find that this method equalizes competition more, and we won't have the smallest ninth grade playing the twelfth."

The intra-murals is a school activity run by the students of Canyon High. The faculty acts only in an advisory capacity. There is nothing compulsory about the organization. Only a few failed to take part, and it is hoped they will join in the future.

Members of interscholastics sports in which that sport is in season are not eligible to participate. Any student will be barred from competition by any act that is unsportsmanlike or by unmanly tactics.

Each club elects a club manager, coach and captain. It is the club manager's job to get his team ready to play and on the field at the specified time. After he has served successfully for one year, the club manager is eligible to run for intra-mural manager, whose job it is to "run the show" in general. He keeps all records and calls all meetings. The coaches, usually boys from interscholastics sports that are ineligible, have charge of coaching the teams. The captains turn in all scores to the intra-mural manager.

### Six Teams

The six teams with their manager and coaches are as follows:

Team I — "Texas" — Manager, Charles Mobley. Players: Billy Morton, Ray McCarter, "Choc" Lindsey, Harold Root, Billy Bonds, Archie Phelps, Bill Rice, Buddy Thompson, and Leroy Dickerson. Coaches are: Garland Butler, Bob Busted, Glenn Prater, Robert O'Donald and Mickey King.

Team II — "Arkansas" — Manager: Jimmy Gooch. Players: Jimmory Cornette, Tommy Middleton, Doyle Bourn, Carol Howard, Eddie Henson, Lester Retherford, Coy Black, Ed Harrell, and Donald McDonald. This team is coached by Landon Barrett, Ray Burrus, Duane Howard and Claude Money.

Team III — "Alabama" — Manager: Travis Payne. Players: Jimmy Montgomery, Lowell Hill, Don Johnson, Dewain Snapp, Harold Johnston, James Miller and Bernie Morris. Bruce Winn, Troy Burrus and Barkley SoRelle are acting coaches.

Team IV — "Tennessee" — Manager: J. N. Pope. Players: Duane Howard, Larry Prater, Robert Parsons, Louis Luna, Raymond Henders, Richard Pruitt, Charles Donnell, Leland Moore, and Lynn McKay. Coaches are: Richmond Payne, Leo Erwin and Jerry Harding.

Team V — "Rice" — Manager: Earl Simon. Players: Bill Thompson, Leon Sparks, Tom Wright, Bobby Hardaway, John Brandt, Jim Marshall, Bennie Abbott, James Cundiff and Cecil Black. Coaches for the "Rice" team are: Bob Ratliff, Bill Hall, Albert Craig and Billy Samples.

Team VI — "Tulane" — Manager: Jim Wooten. Players: Stanley Schaeffer, John Miller, Clyde Root, Lynn Blewett, Sterling Cummings, Clay Lindsey, Quintin Bewley, Tommy Meyers, Ray Thomas, Juan Hernandez and Vilgil Martin. Coaching the "Tulane" team are: Joe Abbott, Norris Root and Harold Slack.

The Texas team is now in the lead in football. Two games are played every day at noon from 12:05 to 12:25. During the winter the intra-mural clubs will participate in basketball, and in the spring, track and softball will be featured.

Acting as faculty directors for the teams are George W. Scott and R. D. Wheelock. Wayne Pritchard is the intra-mural manager for the year.

### SMILE A WHILE

"The thing that costs the least and does the most is just a pleasant smile." All of us have heard this saying. Everyone knows how true it is. People fail to notice whether the clothes one is wearing are of the latest style or the most expensive, if he has a pleasant, cheerful smile. One has an opportunity to learn to be pleasant during this youth which, no doubt, may mean much more than many lessons, for who does not prefer a cheerful pal? In other words, be slow to anger and quick to forgive.

—By J. P.

Substituting for Mrs. Nora E. Gilmore, who was attending the Annual Clinic at Austin last week, was Mrs. Nell Pindley. She also substituted for Mrs. T. E. Beard while Mrs. Beard was away at the Classroom Teachers Meeting at Wichita Falls. In attendance with Mrs. Beard was Mrs. Irene Ball who had as her substitute Mrs. Lorraine Roberts.

A woman should preserve her youth—but not in alcohol.

## Society Sue

Betty Jean Hancock is sporting a lovely gray dress that has designs of framed pictures.

The owner of a smart-looking aqua dress with yellow and red flowers is Elaine Fisher.

Have you noticed the pretty, gray corduroy skirt Mary White has been wearing?

Clara Sue Hardaway features a most pleasing blue tweed with a pink and green green on each side of the skirt.

Donny Stroup's shirt, of aqua blue, lends a pleasing color to his surroundings.

Yes, and that green corduroy vest that Juanita Prichard is wearing is chic.

Those tan shoes of Linda Dooley's which are trimmed in brown are really eye-catchers, no?

Also, while you are looking, take notice of that red shirt of Leo Erwin's that has a tint of wine.

Doris Bourn's lace-trimmed yellow dress is gay for these fall days.

Betty Slagle wears a snazzy black linen dress trimmed with white lace and white buttons.

The blue corduroy jumper with a green tint is quite becoming to Elaine Cundiff.

Dorothy McReynolds and Sue Jennings step around in new black suede slippers.

Mary Ruth Hill has an attractive sun dress of waffle-weave pique.

Gray gaberdine is the material that fashions Katie Purcell's new tailored frock. Um, very pretty!

The latest in sport socks is the pink rayon ones, with black and blue stripes worn by Joe Abbott.

Last, but not least, some pretty garments are the bright colored print dress of Peggy Moore's, the light brown skirt of Elizabeth Jennings, and the blue organdy blouse of Betty Mitchell's.

## Shop Boys Plan Work for Year

Fifty-one students are taking shop this year under the supervision of Jim Scott, instructor. There are two divisions: beginners and advanced students. The beginners will learn to operate the simple tools of the shop and do squaring, planing, and the polishing of lumber. Advanced students will select projects which may include the making of end-tables, lamps, cedar chest, and other articles of furniture. During the summer, an expensive table saw was added to the equipment of the shop. With it, students may be able to rip lumber quickly and it may also be employed in other useful ways.

Mechanical drawing is not being taught this year due to the fact that too few students asked for the work.

"I know I am going to like this work, but as yet I am not well enough acquainted with the students' abilities to know what to expect of them in the way of making projects for the year," says Jim Scott.

The Texas team is now in the lead in football. Two games are played every day at noon from 12:05 to 12:25. During the winter the intra-mural clubs will participate in basketball, and in the spring, track and softball will be featured.

## Tulia B Squad Overpowers Canyon B Team, Thursday

The Eagle B team went down to defeat to a determined Tulia B squad at Buffalo stadium last Thursday night.

Tulia scored two touchdowns in the first and one in the second quarter, all on runs. The points after touchdown were missed on the first two scores but were made good on the last one.

The Eagles outplayed the Hornets the last half but were unable to get a score across. The final tally stood at 19-0 at the end of the game.

The following is the line-up for the Eagles:

L.E.—Sterling Cummings, Roy McCarter.

L.T.—Carroll Howard, Stanley Schaeffer.

L.G.—Tom Gooch.

C.—Jimmy Cornette, Harold Johnston.

R.G.—Jim Wooten.

R.T.—Clement Merchant, Rex Griffin.

Offense

R.E.—Tommy Middleton, Lowell Hill.

Q.B.—Lan McDonald, Sid Plant.

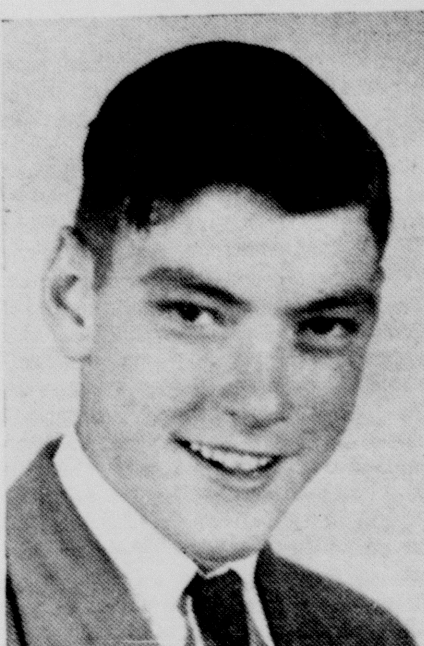

L.H.—Larry Prater.

R.H.—Don Mickey, Harold Root.

P.B.—John Miller.

No good purpose can be served by devaluing the only sound currency left in the world—the U. S. dollar—Secretary of Treasury John W. Snyder.

## Garland Butler

Garland was recently chosen by the Amarillo Daily News as Player of the week.

## Juniors Organize Annual Work

Say, want to buy a magazine subscription, Mister? Please hear the Junior class! Be generous, do! One can hear this plea now throughout CHS halls for the next two weeks, since that is the length of time they have to obtain 100 subscriptions to the Saturday Evening Post or the Ladies Home Journal, Curtis Publishing Company products.

Merle Bullard is general manager of the campaign, and Ruby Lee Bonds and Clyde Root are captains of the white and purple teams; incidentally, take note that the Curtis Publishing colors are CHS colors this year.

The person securing the greatest number of subscriptions may have a choice of the following prizes: A Parker 51 pen and pencil set; an ivory-cased Philco radio; \$25 in cash or a wrist watch.

As every one knows, this custom has been followed for many years, and the money will be used to buy onions, corn-bread and beans for the last big supper; better known as the Junior-Senior banquet.

"Come on now you guys and gals. Break that piggy bank of yours, and roll in the cash for to make this affair one grand spread, or we air a goin' to feel purty bad if'n no soap shortens them rations," demands Pleadin' Merle Bullard.

## Grade Notes

Mrs. Collins' first grade room has two new pupils. They are Shirley Anne Davis and Betty Jean Miles. This makes her a total of thirty-three children.

Mrs. Arthur Lee Chambers visited Mrs. Black's first grade room, Thursday. Mikey De Lano has been out of school due to illness.

Mrs. Roscoe Davis's second grade has a new pupil named Sherma Lee Miles.

A surprise birthday party was given Jerold Reynolds by his mother, Thursday. Games and songs provided entertainment for the second grade class. Refreshment of cookies and cheerios were served. Another surprise of the afternoon was that Edwin Wallen celebrated his birthday the same day.

Mrs. Merle, second grade teacher, reported that Danny Winners moved from school and has moved to Austin.

Mrs. Goodman's third grade has organized a bird club. Officers are Eugene Abbott, president; Sally Foster, secretary; and Patricia Downing, program chairman. The first meeting was held Friday.

Sally Foster has been absent due to illness.

Mrs. Usery has been giving her third grade students eye tests for a class project; the pupils have been working on a farm unit.

The fourth grade students, in Mrs. Cousin's room have been studying crops, in geography. Samples of cotton were brought by Rhett Plank from the farm. Bob McKay and Norman Pierce brought grain samples.

Fire Monitors are Arthur Pruitt and Donnie Ford.

Norman Pierce is a new student in the class.

Mrs. Brasher's fourth grade has organized a nature study club. Leonard Miller, president; James Paul Funston, vice-president; Janet Taylor, secretary; and John Robert Wheelock, program chairman, were elected officers.

Aleta and Juanita Griffin missed school last week due to illness.

The fifth grade officers for the semester in Mrs. Jones's room are Charles Neblett, president; Nelda Jean Coffee, vice-president; Winnifred Tain, secretary; Vanda Lou Latham, reporter; Carroll McCarter, treasurer; Christine Sikes, program

Ava Dooley and Betty Mitchell are planning to have a lively time at the fair with two boys from Albuquerque.

A lot of talk has been going around about Loyce Collins, of W.T. and Jim Marshall.

Linda Dooley is just waiting for some handsome male to walk into her life.

A coosome twosome is Raymond Dickinson and Jean Stone.

Bertha Lindsey Dart was with her new husband, Wendall, the other night. Imagine that!

It looks as if certain Amarillo girls, as big as their territory is, would leave the boys down here alone.

The CHS girls are slipping, letting a he-man like Billy Thompson run around loose.

Glenn Prater mournfully announces that he is going with no one at present!

What did one of those Amarillo girls want with Billy Samples? There is a widely debated answer to this one.

We hear Earl Simon is still mad about Lillian Allen of Amarillo.

Bennie Mac Abbott and Maurine Scruggs are creating a stir now-a-days.

Sue Ann Kenney spends her time raving about Hugh Silas, a checker at Taylor's Market.

## FHA Girls Have Meeting, Tuesday

Approximately 40 members attended the first meeting of the year of FHA, last Tuesday. Merle Bullard, president, called the meeting to order. The club elected Peggy Jo Bonds, sergeant-at-arms. Other officers elected last spring are: Mary Ruth Hill, vice-president; Melva Martin, secretary; Bettie Jean Graham, treasurer; Donna Erwin, song leader; Barbara McDougal and Bertha Lindsey Dart, assistant song leaders; Jo Parker, reporter; Joyce Payne, historian; and Shirley Erwin, parliamentarian.

The chapter decided to have 50c for local dues and Friday is the deadline for them to be in. The point system which met everyone's approval is to be carried on another year.

Merle Bullard appointed the following committees to work the coming year: Program, yearbook, project, finance, point system, and bulletin board, after which the different committees met and talked of plans for the coming year.

Students of the Canyon Public Schools were dismissed last Monday at noon, to attend the Tri-State Fair on Canyon Day.

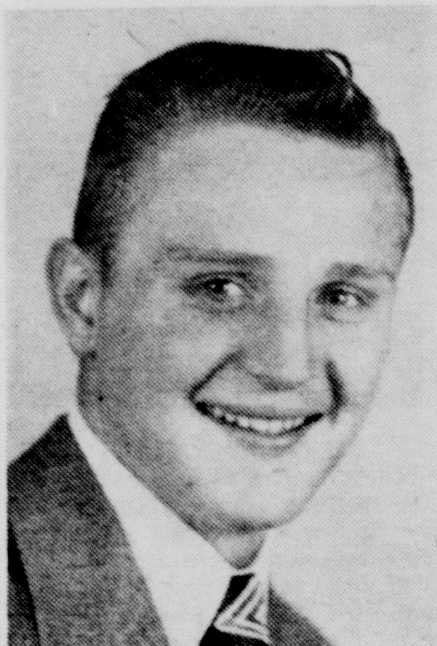

The Band left early that morning in order to be ready to march down Polk Street, in the general parade of all high school and college bands in this section of the country, which is the official opening of the Fair. Special clubs were excused to attend the Fair this week under the supervision of their instructors, but other students met regular classes.

This is the first publication of Dana's Dope, the poll that keeps you informed on all subjects.

Question: Do you like the shorter dress lengths?

Lorayne Carter: "I guess it's O.K. The more I grow, the shorter my dresses will be."

Dixie Whitman: "No! They show my bow-legs."

Geneva Gressett: "No, Stanley likes them long (so do I)."

Linda Dooley: "No, I like them better long."

Tommie Middleton: "Yes!!!"

Ruby Lee Bonds: "No, I will just keep mine long—in style or not."

Glady's Thomas: "Yes, because when you wear tight skirts, it is easier to walk in them."

Joe Abbott: "No, but I think people ought to stay in style."

Barbare Glanton: "No, long dresses feel better on a cold, windy day."

Doyle Bourn: "No, not enough pretty legs."

Katie Furlow: "I am content with the long dress length. Why change to the unflattering knee-showing style?"

Donna Erwin: "No! They're much more attractive long, and since we're used to them, I say why not leave them that way."

Norris Root: "No. It took me a long time to get used to them long, so why not leave them that way. This doesn't mean that I don't like to look at legs."

Mickey King: "I like the long dresses. They're like prohibition; the joints are there, you just have to look harder."

## First Pep Rally Is Howling Success

Rah! Rah! for dear old Eagles, resounded through the CHS halls Friday, at the first general pep rally. Barbara McDougal, Sue Jennings, Lorayne Carter, and Merle Bullard served as temporary cheer leaders while peppering the student body to a sizzling degree of enthusiasm with old and new yells and songs.

Coach Scott, called to the stage by J. E. Miller, principal, voiced his approval to the bedlam and called for more. He declares the boys are sure to win all games with such backing.

The entire student body will sit together at all games this fall and serve as the pep squad. Yells and songs will be mimeographed and given to each student.

No one is admitted to CHS games free this year except the members of the band.

## Eleven Tangle with Sudan Next Friday on Gridiron

The Canyon Eagles edged out a 13-12 win over the Price Cardinals last Saturday night at Butler Field in Amarillo.

Eagle quarterback, Garlod Butler passed to Bruce Winn for the initial tally in the first quarter of the game. A pass, also to Winn made the extra point.

The Price quarterback put the Cards back in the game when he took the second half kick-off and reached 85 yards for pay dirt. The extra point was no good, and the Eagles were still in front 7-6.

### Eagles Penalized

Canyon crossed the double stripe four time in the second half, but three times were called back because of penalties. In the opening minutes of the last quarter, Butler passed to Slack on the Price 45, and Slack scampered the remaining distance, but this, too, was called back because of illegal use of hands.

Price counted their next marker on a 75-yard punt returned by the Cardinal quarterback. The kick for extra point was blocked by Bill Hall, Eagle left guard.

Two other tallies were called back before Butler hit left end, Mickey King, in the end zone for Canyon's winning score. The try for extra point was no good. Butler completed 8 of 12 passes attempted; three to Winn, two to King, and one each to Abbott, Slack, and Craig.

### Eagles Meet Sudan

Next week the Eagles meet powerful Sudan in a non-conference game at Sudan who has been beaten 12-7 by Dimmitt, but they have a big hard-charging line and a speedy backfield. They would especially like to beat Canyon because the Eagles edged them out by their own basketball tournament by one point last year.

## Wolf Gal Knocks Boy For a Loop

A good looking, dark headed, male lower classman is in all probability out for a senior girl's scalp. If he isn't he ought to be. As an eye witness of a particular incident, I can truthfully give an account of the shocking and disgraceful manner in which this senior treated an innocent little angel. His was a trusting face from which tender eyes shone with a love for all mankind.

Striding down the hall, she spied him standing at a right angle to the lockers, picking up some inanimate object. With a malicious chuckle she raised a leg and with a mighty heave knocked the cherub, head on into that hard, hard locker door.

With that grim statement I give the facts, unalterable and shameful. Her judgement I leave to you, the dear public!

## Piano and Voice Instructors Get Year's Work Underway

The three music instructors of CHS, Mrs. Glenn Dowlen, Mrs. Ray McReynolds and Mrs. Ples Harper, students this year. They plan to have students this year. They planto have a recital before Christmas if possible. A spring recital which seems to be an annual event will be a second program, perhaps.

Mrs. Dowlen says, "My students are enthusiastic and I am very pleased with their attitude and work."

Mrs. McReynolds remarked, "We will be looking forward to our recitals."

"I am glad to see so many people taking an interest in piano. It seems to me that it makes their life fuller and more cultured," states Mrs. Harper.

If all the hot dogs consumed at ball games were laid end to end, it would be a lot of bologna.

## Buffaloes Defeated by Tech in the First Quarter of Play Saturday Nite

A spirited herd of Buffaloes found themselves Saturday night, but too late to overcome a 21-point lead built up by the Texas Tech Raiders in the first half, and finally fell 35-19 before a crowd of 16,000 football fans.

Injuries took their toll in the Buffalo defense and two bad breaks nullified their chances for an upset.

Their line-backing staff, already reduced considerably by the injury of Vic Bates last week, suffered immeasurably early in the first quarter when Weldon "Bird-dog" Trice, of Childress, injured his shoulder and was removed from the game. Trice will probably be out of action for some time.

## STATISTICS

West Texas	Texas Tech
12	First Downs 16
138	Net yds. rushing 318
64	Yards passing 74
202	Total yds. gained 392
5 of 13	passes completed 7 of 14
5	Fumbles 3
2	Opp. punts recovered 4
6 for 45	Punts 6 for 83.5
4 for 30	Penalties 4 for 40

The Buffaloes were trailing 28-19 in the fourth quarter, when they drove to the Tech six-inch line and Gene Mayfield bulled over for the touch. But an offside penalty nullified the play and seconds later a Buff fumble was recovered by Tech to end the threat.

Tech was forced to kick and the Buffs started to pass with Mayfield doing the aerial work. Joe Ogdon was the target of Mayfield's first strike and the fleetfooted wingback was in the open behind Tech's defense but dropped the ball.

Mayfield then hit Jimmy Draper with a short stab over the line, but a Tech defender pulled the ball out of Draper's arms and the Raiders stopped that threat and went on to score another touchdown to ice the game.

Tech scored the second time they received possession of the ball. It took eight plays with Conley carrying to the Buffs 19 and Calvin Stevenson navigating the remaining yards to score. Tim Hatch added his first of five successful conversions to give Tech a 7-0 lead.

The next time it took ten plays before Bobby Close rammed over from the one-yard line and Hatch again converted. Tech led 14-0 at the end of the first quarter and had just returned Frank Wise's kick to the midfield stripe as time ran out.

On the first play, Earl Jackson rounded left end cut back through the secondary and romped 50 yards for Tech's third touchdown. Hatch converted and Tech led 21 points hardly changing stride.

It was then the Buffs retaliated. With Mayfield and Charles Wright running and a pass from Mayfield to Charles Kitchens good for 13 yards, Cross ambled over from the five-yard line for West Texas first tally. Junior Melton added the point and Tech's previous lead was cut to 14 points.

Late in the period West Texas took over on their own 43 and with only a minute remaining, drove in four plays to pay dirt.

Mayfield started it off with a ten-yard jaunt on a fake-handoff. Cross started around left end then reversed his field and traversed to Tech's 35 before he was shoved out of bounds. Covington supplied the key-block to Cross's advance but was carried from the field.

Mayfield then squared off and threw a flat pass to Wright who lugged a herd of Raider defenders to the eight-yard line of Tech. With ten seconds remaining, Mayfield pitched to Kitchens on the Raider five and the big right end from Childress bulled over with a final lunge from the two with Tech tacklers draped from every conceivable position.

The half ended with Tech still leading 21-13 after Melton's kick was wide.

In the third quarter Conley and Close carried to the Buffaloes' seven-yard line where Rathbone hit Close in the end zone for their fourth touchdown.

West Texas bounced back and racked up their third tally with Mayfield driving over from the one-yard line after Wright had carried 11 yards through tackle.

Then came a break that favored the Buffs and might have turned the tide of victory. John Poindexter, Buff lineman who played bang-up ball all evening booted a high floater on the kickoff. Tech fumbled the ball twice before the Buffs recovered on the Raider's 25-yard line.

Bill Cross went off tackle to the 21 and Wright carried to the 17. Mayfield supplied the first down by crashing through on a "quarterback sneak" to the 14. Cross again burst through for nine yards and Mayfield picked up a first on the Tech six-inch line.

The following play, Mayfield crashed over but the Buffaloes were offside and set back to the five and one-half. Then came the fumble by West Texas and the Tech recovery that seemed to break the Buffs' spirit.

They forced Tech to kick but a dropped pass and another fumble took its toll as Tech started to march again.

The Raiders moved from their own 47 to the West Texas 12 where J. W. Thompson hit Johnson for

## John Knight in Canyon For 69 Years Oct. 2nd

JOHN KNIGHT

John Knight was 59 years "young" on Sunday, which was his anniversary of moving to Canyon. Canyon has been his home ever since. He has not lost his whistle or his sunny disposition throughout the years, and takes great delight in visiting on the streets with old cronies with whom he has been associated throughout the years. He holds the distinction of having lived in Canyon longer than any other person.

Mr. Knight came to Canyon on Oct. 2, 1890 from Tyler. He opened a machine shop, which served all of the ranchers in this area.

Mr. Knight and Miss Margaret Roberts were married in Canyon on March 1, 1891. They were the first couple to be married here.

Mr. Knight likes to recall the thrilling pioneer days of Randall county, and is always in a most jovial mood excepting when he recalls

the touch. Hatch converted for the fifth straight extra point.

Tech was knocking at West Texas' door again as the game ended with a pass from Hawkins to Thompson falling short in the end zone.

Next Saturday night in Canyon the Buffs take on their second Border Conference foe in the Texas Western Miners.

## THAT'S WHAT I CALL REAL SERVICE

And You ALWAYS Get It When You Use McCormick Equipment

One day, right in the middle of harvest, a customer hurried in and asked for a replacement part for his 10-year-old combine. I went to the parts bin, and as I came back and plunked the part down on the counter, he grinned and said:

"That's what I like about using McCormick equipment. When I do need a part, you always have it or can get it right quick."

He started to walk out, and I said, "How about letting our service man put that part on for you? Your machine might need a little adjustment here and there, and he can do that at the same time."

He thought it over for a minute, and laid the part back on the counter. "Go ahead," he grinned. "I've got a couple of other things to take care of here in town anyway. The combine is standing in the field south of the house."

He turned to go, and I mentioned, "If you're not at home by the time he puts on the part, I'll have him try the combine and look it over thoroughly and give you a report. Maybe we can get together and arrange to fix it ahead of time for next season and save you time and trouble."

"Go ahead," he agreed again. "That's what I call real service!"

"Just a part of our regular IH 5-Star Service," I said.

# Highway Work to Be Started on \$52,550 Project

The following order has been passed by the State Highway Commission which has to do with the farm-to-market road in Precinct 4 of Randall county:

"In Randall County a Farm-to-Market Road from U.S. 60 and 87 in Amarillo, South to road intersection, a distance of approximately 7.3 miles, is hereby designated subject to the availability of funds under the terms of State Bill No. 287 and subject to the condition that Randall County will furnish all required right-of-way free of cost to the state.

"Upon acceptance of the provisions of this Order by the proper officials of Randall County the State Highway Engineer is directed to pro-

# Bill Black Started 26th Year With The Bank On Saturday

W. C. Black observed his 25th anniversary as an officer in the First National Bank on Saturday, October 1st.

He started as assistant cashier 25 years ago after retiring as Sheriff and Tax Collector of Randall county. He has been promoted to cashier, vice-president and is now president of the bank, following the death of R. H. Wright.

## COMING DOWN?

As a result of her snobbish attitude toward her servants, a dowager had experienced difficulty in keeping sufficient help in her home. The other day, interviewing a prospective maid, she said:

"If you're accepted, I don't want you to be like some of the others—jealous of my wealth and position, resentful and envious because they have to look up to me."

"I'm not like that," said the applicant gently. "I've often looked up at flagpole sitters, but never with envy."

## GI SCHOOLING

Under a new set of rules, just released by the Veterans' Administration, millions of GIs will have to prove that their new course of study are essential to their future jobs. "Hobby courses," in general are out. What the new rules do, in brief, is to compel most veterans who plan to start a new course of study—particularly in graduate or non-college schools—to justify that course as it relates to his employment.

## DENTAL SERVICES

The Government spent \$47,000,000 on veterans' teeth during the twelve months ended last June 30, according to the Veterans' Administration. The money was used to pay for treatment of dental condition, resulting from services in the armed forces.

## NEW PLAN

The prolonged drought, we are told, is cutting down the number of entries at local flower shows to an alarming extent. In fact, some of the promoters are said to be thinking seriously of introducing special classes for weeds.

# Allan Shivers Proclaims Week of Newspapers

ALLAN SHIVERS

The observance of National Newspaper Week during October 1 to 8 focuses public attention on one of the outstanding services to mankind. This service manifests itself in exercising one of the freedoms so characteristic of our nation—freedom of press.

The slogan for the week "Freedom Goes Where the Newspaper Goes" is indeed timely.

All classes, sects, races, and creeds are served by this group of people, who are stationed throughout the world affairs. These newspapers keep our nation well-informed on state, national and world events, in a world where many are deprived of the opportunity to read objective reports.

THEREFORE, I as Governor of the State of Texas, do hereby request the observance of National Newspaper Week and Texas Newspaper Week October 1 to 8, inclusive, and I urge that in this way emphasis be placed on the great significance of the newspapers in our daily lives.

In official recognition whereof, I hereby affix my signature this 13th day of September, 1949.

(Sig.) ALLAN SHIVERS,  
Governor of Texas.

# Sternberg Office Messed Up But The Prowler Got Nothing

The office of the Sternberg Lumber Co. was messed up Saturday night by prowlers, who went through every drawer and cabinet, but did not touch the safe.

Bill Sternberg states that so far he had found nothing of value taken by the prowlers.

Finger print experts from Amarillo were called but were unable to get a print of value.

## YOUNG WALKER

Jacksonville, Fla.—At the very tender age of 17 weeks, Dell Geiger, who weighs only about 13 pounds, decided it was time to be up and around. She amazed her parents and everyone who saw her by standing and moving around the house by holding on to things. Her parents are Mr. and Mrs. Ted Geiger of this city.

# Power Turned On Palo Duro State Park Highline

Farmers in the vicinity of the Palo Duro State Park are enjoying lights and power from the line which has been completed to Palo Duro.

However, juice was not being used at the Park since wiring of the Lodge, entrance office and cabins on top has not been completed. It was found that these must be re-wired in order to use juice from the line run to the park.

# Cherry Tree Was Found In Bloom At Craig Home.

C. P. Shelnuitt says that he was going down the alley the other day and found a cherry tree with blossoms in the back yard of the Ross Craig home.

He does not suspect Ross of having brought a new kind of tree into Canyon that will insure his family fresh cherry pie for Christmas. At any rate the sight was very unusual.

## ELECTRIC CURRENT

While the average home owner's light bill increased slightly last year, it is still lower than ten years ago, according to the Federal Power Commission. The commission's annual survey of typical residential bills for cities of 2,500 or more showed an average reduction of about ten per cent for 25, 100 and 250 kilowatt-hour monthly bills. The average bill for 250 kilowatt hours was \$7.01 on Jan. 1, 1949, compared with \$7.46 January 1, 1939, and \$6.92 on Jan. 1, 1943.

## ECONOMY

As part of the economy drive aimed at saving upward of \$1,000,000,000 a year, General Joseph T. McNerney, Defense Department "unity expediter," has warned the Army, Navy and Air Force that they would have to get along with fewer automobiles and planes in carrying out their official assignments. The three services have also been ordered by General McNerney to cut off their recruiting costs by at least \$7,500,000 a year.
